The Power of a Woman's Words Workbook and Study Guide-Sharon Jaynes 2014-03-01 In this interactive study guide, you will discover the power of words to change the course of a day...the course of a life. Popular author Sharon Jaynes interacts with women of the Bible to uncover the power of a woman's words for good or for ill: How did Rachel's words shape her son's character? How did what Sarai said influence her husband's choices? How did Elizabeth's words boost her friend's confidence? As you look at these Bible women and many others, you will learn how to use the power of words to breathe blessing and right thinking into every situation. This companion to The Power of a Woman's Words is perfect for personal or group use.

Twelve Years A Slave (Illustrated)-Solomon Northup 2014-08-22 Twelve Years a Slave (1853) is a memoir and slave narrative by Solomon Northup, as told to and edited by David Wilson. Northup, a black man who was born free in New York, details his kidnapping in Washington, D.C. and subsequent sale into slavery. After having been kept in bondage for 12 years in Louisiana by various masters, Northup was able to write to friends and family in New York, who were in turn able to secure his release. Northup's account provides extensive details on the slave markets in Washington, D.C. and New Orleans and describes at length cotton and sugar cultivation on major plantations in Louisiana.

Becoming Abigail-Chris Abani 2006-03-01 "Compelling and gorgeously written, this is a coming-of-age novella like no other. Chris Abani explores the depths of loss and exploitation with what can only be described as a knowing tenderness. An extraordinary, necessary book."—Cristina Garcia, author of Dreaming in Cuban "Abani's voice brings perspective to every moment, turning pain into a beautiful painterly meditation on loss and aloneness."—Aimee Bender, author of The Girl in the Flammable Skirt "Abani's empathy for Abigail's torn life is matched only by his honesty in portraying it. Nothing at all is held back. A harrowing piece of work."—Peter Orner, author of The Esther Stories Tough, spirited, and fiercely independent Abigail is brought as a teenager to London from Nigeria by relatives who attempt to force her into prostitution. She flees, struggling to find herself in the shadow of a strong but dead mother. In spare yet haunting and lyrical prose reminiscent of Marguerite Duras, Abani brings to life a young woman who lives with a strength and inner light that will enlighten and uplift the reader. Chris Abani is a poet and novelist and the author, most recently, of GraceLand, which won the 2005 PEN/Hemingway Prize, a Silver Medal in the California Book Awards, and was a finalist for several other prizes including the Los Angeles Times Book Prize. His other prizes include a PEN Freedom-to-Write Award, a Prince Claus Award, and a Lannan Literary Fellowship. He lives and teaches in California.

Masterpiece-Elise Broach 2008-09-30 Marvin lives with his family under the kitchen sink in the Pompadays' apartment. He is very much a beetle. James Pompaday lives with his family in New York City. He is very much an eleven-year-old boy. After James gets a pen-and-ink set for his birthday, Marvin surprises him by creating an elaborate miniature drawing. James gets all the credit for the picture and before these unlikely friends know it they are caught up in a staged art heist at the Metropolitan Museum of Art that could help recover a famous drawing by Albrecht Dürer. But James can't go through with the plan without Marvin's help. And that's where things get really complicated (and interesting!). This fast-paced mystery will have young readers on the edge of their seats as they root for boy and beetle. In Shakespeare's Secret Elise Broach showed her keen ability to weave storytelling with history and suspense, and Masterpiece is yet another example of her talent. This time around it's an irresistible miniature world, fascinating art history, all wrapped up in a special friendship— something for everyone to enjoy. Masterpiece is a 2009 Bank Street - Best Children's Book of the Year.

Photoshop for Lightroom Users-Scott Kelby 2018-12-10 Adobe Photoshop Lightroom is truly an awesome program, and the primary editing tool for so many photographers today. But, at some point, you realize that there are things you need to do to your images that Lightroom just can't do. It could be anything from pro-level portrait retouching, to blending two or more images together, to incredible special effects, to removing distracting things in your image, to adding beautiful type to your images, and, well...there are just lots of incredible things you could do...if you just knew Photoshop. Adobe Photoshop is...well...it's Photoshop—this huge, amazing, Swiss Army knife of a program with 70+ tools, and more than a hundred filters. So, compared to Lightroom it seems really complicated, and it could be, but you've got a secret weapon: Scott Kelby. He's the same guy who wrote the world's #1 best-selling book on Lightroom, he's Editor and Publisher of Photoshop User magazine and Lightroom Magazine, and he's here to teach you just the most important, most useful parts of Photoshop—just the stuff that Lightroom can't already do. Once you learn these techniques (all covered in this short, quick, easy-to-use, plain-

English guide), it opens a whole new world of productivity and creativity. Here's what you'll learn: Scott tells you flat-out which tools to use, which techniques work best, which ones to avoid, and why. You only really need about 20% of what Photoshop can do, and that 20% is all covered right in this book. The most important layer techniques, and learning layers is like being handed the keys to the candy store—this is where the fun begins, and you'll be amazed at what you'll be able to do, so quickly and easily. Scott's favorite (and most useful) portrait retouching techniques; his favorite special effects for landscape, travel, and people photos; plus which filters are awesome (and which ones waste your time). Also, you'll learn how to mask hair and create super-realistic composites (you'll be amazed when you learn how easy this is), plus how to take advantage of all the latest Photoshop technology, how to leverage the latest features (so you're doing things the easy way), and a bunch of today's most popular techniques (the same commercial looks you're seeing in hot demand), so you'll be using Photoshop like a shark in no time. If you've been saying to yourself, "Ya know, I really should learn Photoshop," you're holding the absolute best book to get you there, coming from the guy who literally wrote the book on Lightroom. He knows how to help you make the most of using these two powerful tools together to take your images (and your fun) to the next level. You are going to love being a Photoshop shark!

Zero Acceptance Number Sampling Plans-Nicholas L. Squeglia 2008-01-01 This book provides a set of attribute plans for lot-by-lot inspection with the acceptance number in all cases as zero. After years of extensive application by government contractors, commercial manufacturing, and service industries, these c=0 sampling plans are now considered stand alone sampling plans. They have continually gained in popularity for more than 45 years, and today are the norm. The zero acceptance number plans developed by the author were originally designed and used to provide equal or greater consumer protection with less overall inspection than the corresponding MIL-STD-105-E sampling plans. In 2000, the Department of Defense declared MIL-STD-105-E obsolete and recommended the c=0 plans in this book for use in place of them. In addition to the economic advantages, the plans in this book are also simple to use and administer.

Unearthing the Bible-Titus M Kennedy 2020-06-02 "A much-needed resource for those serious about biblical studies." —Mark M. Yarbrough, president, Dallas Theological Seminary The Bible has long been dismissed as a book of myths, legends, fairy tales, and propaganda. Yet when we examine the archaeological evidence, its accuracy comes to light. In Unearthing the Bible, Dr. Titus M. Kennedy presents 101 objects that provide compelling evidence for the historical reliability of Scripture from the dawn of civilization through the early church. Gathered from more than 50 museums, private collections, and archaeological sites, these pieces not only reinforce the reliability of the biblical narratives, but also provide rich cultural insights into the ancient world. Using this visual guide, you can find context for your faith as you make your way through the Bible. Dr. Kennedy's photographs and detailed descriptions enable you to examine each piece of fascinating evidence for yourself. From the earliest tablets of creation to artifacts connected with the life and resurrection of Jesus, Unearthing the Bible shows you can be confident there is an abundance of archaeological support for the history told in the Scriptures.

Lingam Massage-Michaela Riedl 2010-03-09 A tantric massage practice for awakening and honoring male creative energy and allowing a man conscious, loving contact with his own masculinity • Empowers men to expand and deepen their experience of arousal and sensuality • Demonstrates how deep relaxation is important to a strong and lasting erection • Shows how the lingam connects a man to his dynamic strength while the prostate is linked to his more receptive side Lingam is the Sanskrit word for the male generative organ, the penis. In India, the lingam is revered as an expression of Shiva's clarity, symbolizing the fine sword that differentiates between truth and falsehood. The goal of a lingam massage is to provide a man conscious, loving contact with his own masculinity. Western cultural expectations around sexual "performance" have created sexual difficulties for many men, including erectile dysfunction and premature ejaculation. Through loving touch, lingam massage provides the deep relaxation that supports sustained erection, putting a man in touch with less familiar aspects of his sexuality, including the energetic responses of his perineum, prostate gland, and anus. Lingam massage is not simply a hands-on technique but involves the conscious direction of energy throughout the body. It allows men to savor longer, deeper orgasms and teaches taoist and tantric practices for conserving sexual energy. Over time, as his consciousness deepens, these practices give a man complete control over his ejaculation.

Fundamentals of Astrology-M. Ramakrishna Bhat 1988 Astrology is both Science and Art. Hence only the talented can appreciate and understand it. Rightly Visnugupta declares that nobody other than a sage can master the ocean-like science of astrology. The great Varahamihira declares, No sin will creep into a place that is sanctified by the presence of a true astrologer. No person who studies and divines the course of destiny will ever be found in hell, but will reside permanently in the world of Brahman. This book brings to the fore not only the rationality of astrology but also the nature and structure of the correct knowledge that our forefathers possessed regarding the predictable influences of planets on human beings, and gives a spiritual bias to astrology. The reader is taken step by step in this work from the rudiments Viz., the distribution of constellations in the Zodiacal belt which is divided into twelve Signs, and the planetary hierarchy, through the method of calculating the ascendant and other houses of a natal chart, assessment of the strengths, influences, aspects, affliction, mutual relations etc., of the planets, to the final stage of reading the brighter and darker sides of the subject's life, his chances of success and failure, their periods, ingress of the soul into the mortal coil and exit therefrom as well as its departure to other worlds according to its karma. In this book an attempt has been made to give a good account of the science of astrology, with a view to making the reader a good and true astrologer. It also shows that astrology does not make man a fatalist, a helpless automation in the hands of a merciless Fate. It should, on the other hand, help him to take to self-exertion and self-help. This hoary lore, according to the author, is to be practised not for selfish ends, but to guide the needy and the distressed, to remove the cause of their suffering and to turn their attention towards God. Contents Preface to the First Edition, Preface to the Third Edition, 1. General Principles, 2. Planets' Characteristics, 3. Lagna and other Houses, 4. Planetary Strength, 5. Houseboy-Ferdinand Oyono 2012-09-24 Toundi Ondoua, the rural African protagonist of *Houseboy*, encounters a world of prisms that cast beautiful but unobtainable glimmers, especially for a black youth in colonial Cameroon. *Houseboy*, written in the form of Toundis captivating diary and translated from the original French, discloses his awe of the white world and a web of unpredictable experiences. Early on, he escapes his fathers angry blows by seeking asylum with his benefactor, the local European priest who meets an untimely death. Toundi then becomes the Chief Europeans boythe dog of the King. Toundis attempt to fulfill a dream of advancement and improvement opens his eyes to troubling realities. Gradually, preconceptions of the Europeans come crashing down on him as he struggles with his identity, his place in society, and the changing culture.

From Airline Reservations to Sonic the Hedgehog-Martin Campbell-Kelly 2004-02-27 A business history of the software industry from the days of custom programming to the age of mass-market software and video games. From its first glimmerings in the 1950s, the software industry has evolved to become the fourth largest industrial sector of the US economy. Starting with a handful of software contractors who produced specialized programs for the few existing machines, the industry grew to include producers of corporate software packages and then makers of mass-market products and recreational software. This book tells the story of each of these types of firm, focusing on the products they developed, the business models they followed, and the markets they served. By describing the breadth of this industry, Martin Campbell-Kelly corrects the popular misconception that one firm is at the center of the software universe. He also tells the story of lucrative software products such as IBM's CICS and SAP's R/3, which, though little known to the general public, lie at the heart of today's information infrastructure. With its wealth of industry data and its thoughtful judgments, this book will become a starting point for all future investigations of this fundamental component of computer history.

The Spirit of Mediterranean Places-Michel Butor 1997 This book gathers French writer Michel Butor's essays on his travels in the Mediterranean. Included are pieces on Cordova, Istanbul, Salonica, Delphi, Mallia in Crete, and Ferrara and Mantua in northern Italy. There is an extended essay on Egypt, where, when Butor was twenty-four, he spent a year teaching French in a secondary school in a provincial city. Far from the bland comments on the landscapes by an enchanted walker, inspired by memories, Butor digresses on the history and the literature of the places that he visits. He raises what he calls "geographical criticism" to the rank of art, never forgetting that cities are not miracles of nature but the masterpieces of men. Emperors built palaces where conquerors had previously destroyed them. Sculptors erected statues and writers wrote books. Michel Butor registers these as a part of the memory of place. Butor went on to become one of the leading exponents of the avant-garde writing that emerged in France in the 1950s.

Lexham Geographic Commentary on the Gospels-Barry Beitzel 2018-04-18 Many familiar Gospel narratives are filled with geographic details that we gloss over because of our distance from the Holy Land. Yet climate, landscape, natural resources, and other features of geography leave a lasting mark on the societies and cultures that have developed within them. In a world of dirt roads and dry riverbeds, where shepherds watch their flocks in the hills and fishermen mend their nets by the sea, Jesus taught from hill and plain, using the surrounding landscape as the backdrop for his teaching. Jesus' parables and illustrations are often brimming with geographic clues, but the significance of these distinctive details is often lost on us today. The Lexham Geographic Commentary on the Gospels puts readers in the sandals of the disciples as they travel throughout Israel with Jesus, explaining the significance of geography for mining the riches of the biblical text.

The Disappearance at Pere-Lachaise-Claude Izner 2010-09-14 Fin de siècle Paris: the world of Verlaine and Zola, Renoir and Toulouse-Lautrec; a time of anarchists, scientists, and occultists, when can-can skirts were raised at the Moulin Rouge and fortunes were lost on the Panama Canal. Armand de Valois was one of these latter unfortunates, stricken by yellow fever at the site of his ruin. When his widow Odette disappears into his tomb in the Père-Lachaise cemetery and never returns, her maid Denise fears the worst. Alone in the great metropolis, Denise knows just one person she can go to for help: Odette's former lover, Victor Legris. When the frightened girl turns up at his bookshop, Victor feels there must be a simple explanation for Odette's disappearance. But it soon becomes apparent that something sinister lies behind events at the Père-Lachaise. When Denise turns up drowned in the Seine, and Odette's corpse is found buried in an overgrown backyard, Victor throws himself into his second investigation, aided by his trusty assistant Joseph and much to his lover Tasha's chagrin. Once again, Paris and its denizens come alive, and events of world and local history give the mystery a thrilling backdrop. From the the Bois de Vincennes to the streets of Saint-Germain, from trams to carriages, from artists' lofts to coffee bars, diligently researched and tightly plotted, *The Disappearance at Père-Lachaise* immerses readers in a fascinating mystery in the glorious City of Light.

Cargo of Eagles-Margery Allingham 2015-10-01 A lively British mystery from "one of the greatest mid-20th-century practitioners of the detective novel" (Alexander McCall Smith). Strange things are happening in Saltey. The little village on the Essex coast is invaded by bikers and a parade of peculiar visitors, a newly released prisoner is rumored to be in the area, Mr. Lugg has bought a bungalow there, the Saltey Demon is on the loose again . . . and Albert Campion is looking for the disappearance of thousands of pounds of gold coinage. This is Margery Allingham's final novel featuring her famous gentleman sleuth, overflowing with evil arch-villains and classic thuggery against the atmospheric backdrop of postwar England. "Allingham has that rare gift in a novelist, the creation of characters so rich and so real that they stay with the reader forever." —Sara Paretsky "Margery Allingham stands out like a shining light." —Agatha Christie

Mad Hatter's Holiday-Peter Lovesey 2009-06-01 The fourth Sergeant Cribb Investigation set in the seedy underbelly of Victorian London Brighton, 1882: Albert Moscrop spends his holiday peering at beachgoers through a telescope, piecing together disarmingly trivial observations into a compelling drama for his own amusement. A keen student of human nature, Moscrop concentrates his interest on one particular family—the Protheros, especially the beautiful Zena Prothero, whose husband appears to take her for granted. Moscrop gradually moves into the circle of the Prothero family, only to become involved in a sensational murder. All of Brighton is horrified by the gruesome crime, and the local police seek the help of Scotland Yard's Sergeant Cribb and Constable Thackeray, who soon find themselves challenged by the strangest case of their careers, one as mystifying as it is macabre. From the Trade Paperback edition.

Appalachian Appetite-Susi Gott Séguret 2017-01-24 Appalachian Appetite is a groundbreaking, influential cookbook featuring over 100 recipes that represent an innovative take on tradition, with contributions and stories from this mountain region's best chefs, restaurants, and citizens. From Asheville, NC to Nashville, TN; Oxford, MS to Millinocket, ME, when asked which cuisine most typifies America, chefs are bound to tell you it stems from the South, the heartbeat of which is Appalachia. Hailing from the very depths of Appalachia in western North Carolina, author and chef Susi Gott Séguret honed her culinary skills in France earning a diploma in Gastronomy and Taste from the Cordon Bleu and the Université de Reims. This unique combination is highlighted in Appalachian Appetite as (says Fred Sauceman, author of Buttermilk & Bible Burgers) "the loving product of that convergence." Appalachian Appetite is filled with recipes straight from the heart of Appalachia. As Dr. Jean Haskell, co-editor of Encyclopedia of Appalachia says, the book brings together "the region's music, food, stories, and its great chefs and home cooks." Recipes featured include: ● Tennessee Corn & Truffle Flan ● Ramp & Nettle Quiche ● Venison Country-Style Steak ● Cast Iron Trout, Smoked Grits, Farm Egg, & Potlikker Jus ● Bourbon-Marinated Flank Steak with Blueberry Barbecue Sauce ● Southern Sweet Potato Praline Spoonbread An inspired collection from chef Susi Gott Séguret, Appalachian Appetite brings together the beloved recipes of the region for, as proclaims Jess McCuan, former Business Editor for The San Francisco Chronicle and Founding Editor of The Asheville Scene "an authoritative and colorful guide."
