The Phantom of the Opera-Gaston Leroux 2014-10-28 The classic Gothic novel that inspired the blockbuster musical There is a ghost in the Paris Opera House. Singers, dancers, and stagehands have all seen him lurking in the shadows of the set, and each describes his face differently. Some say it is on fire, others that it is bare bone, and a terrified few say that he has no face at all. Outsiders dismiss the stories as theatrical superstition, but soon the phantom will reveal himself—and the Opera will never be the same. A crew member is found hanged, and every denizen of the theater is quick to blame the phantom. More deaths follow, until the phantom is forced to make himself known in the most spectacular manner possible. "New" Exoticisms-Isabel Santaolalla 2000 All civilisations have both feared and been fascinated by what lies beyond their limits, and have to a greater or lesser extent construed their "others" as exotics. Given that, even in its most consumerist fashion, the adoption of the exotic goes back a long way, what, then --if anything-- is new in contemporary versions of exoticism? This volume attempts to offer some answers to this question. The first of its three sections serves as an extended introduction to the concept and practice of exoticism, considering the phenomenon from a number of theoretical and critical positions, explicitly examining --sometimes via significant examples-- the particular attributes of exoticism. The second and third sections are more strictly text-based, relying on the analysis of specific instances of film in the former and literature in the latter, in order to tease out some specific uses of the exotic --whether ethnic, gendered, sexual or other. This volume will be of interest to scholars and students working in the fields of representation, cultural theory, postcolonialism, gender, ethnicity, sexuality, cinema and literature.

Woman Walk the Line-Holly Gleason 2017-09-20 Full-tilt, hardcore, down-home, and groundbreaking, the women of country music speak volumes with every song. From Maybelle Carter to Dolly Parton, k.d. lang to Taylor Swift—these artists provided pivot points, truths, and doses of courage for women writers at every stage of their lives. Whether it's Rosanne Cash eulogizing June Carter Cash or a seventeen-year-old Taylor Swift considering the golden glimmer of another precocious superstar, Brenda Lee, it's the humanity beneath the music that resonates. Here are deeply personal essays from award-winning writers on femme fatales, feminists, groundbreakers, and truth tellers. Acclaimed historian Holly George Warren captures the spark of the rockabilly sensation Wanda Jackson; Entertainment Weekly's Madison Vain considers Loretta Lynn's girl-power anthem "The Pill"; and rocker Grace Potter embraces Linda Ronstadt's unabashed visual and musical influence. Patty Griffin acts like a balm on a post-9/11 survivor on the run; Emmylou Harris offers a gateway through paralyzing grief; and Lucinda Williams proves that greatness is where you find it. Part history, part confessional, and part celebration of country, Americana, and bluegrass and the women who make them, Woman Walk the Line is a very personal collection of essays from some of America's most intriguing women writers. It speaks to the ways in which artists mark our lives at different ages and in various states of grace and imperfection—and ultimately how music transforms not just the person making it, but also the listener.

From Jailer to Jailed-Bernard B. Kerik 2015-03-31 The controversial New York City police commissioner and New York Times bestselling author of The Lost Son shares the story of his fall from grace and the effects of his incarceration on his views of the American justice system. Bernard Kerik was New York City's police commissioner during the 9/11 attacks, and became an American hero as he led the NYPD through rescue and recovery efforts of the World Trade Center. His résumé as a public servant is long and storied, and includes receiving a Medal of Honor. In 2004, Kerik was nominated by George W. Bush to head the Department of Homeland Security. Now, he is a former Federal Prison Inmate known as #84888-054. Convicted of tax fraud and false statements in 2007, Kerik was sentenced to four years in federal prison. Now, for the first time, he talks candidly about what it was like on the inside: the torture of solitary confinement, the abuse of power, the mental and physical torment of being locked up in a cage, the powerlessness. With newfound perspective, Kerik makes a plea for change and illuminates why our punishment system doesn't always fit the crime. In this extraordinary memoir, Kerik reveals his unprecedented view of the American penal system from both sides: as the jailer and the jailed. With astonishing candor, bravery, and insider's intelligence, Bernard Kerik shares his fall from grace to incarceration, and turns it into a genuine and uniquely insightful argument for criminal justice reform.

Lexham Geographic Commentary on the Gospels-Barry Beitzel 2018-04-18 Many familiar Gospel narratives are filled with geographic details that we gloss over because of our distance from the Holy Land. Yet climate, landscape, natural resources, and other features of geography leave a lasting mark on the societies and cultures that have developed within them. In a world of dirt roads and dry riverbeds, where shepherds watch their flocks in the hills and fishermen mend their nets by the sea, Jesus taught from hill and plain, using the surrounding landscape as the backdrop for his teaching. Jesus' parables and illustrations are often brimming with geographic clues, but the significance of these distinctive details is often lost on us today. The Lexham Geographic Commentary on the Gospels puts readers in the sandals of the disciples as they travel throughout Israel with Jesus, explaining the significance of geography for mining the riches of the biblical text.

Juz Amma from the Noble Quran Bilingual Edition English & Arabic-Muhammad Vandestra 2018-04-24 Juz Amma from The Noble Quran bilingual edition with english and arabic language edition. The Noble Quran literally meaning "the recitation"; also romanized Qur'an or Koran is the central religious text of Islam, which Muslims believe to be a revelation from Allah SWT (God). It is widely regarded as the finest work in classical Arabic literature. The Quran is divided into chapters (surah in Arabic), which are then divided into verses (ayah). Muslims believe that the Quran was verbally revealed by God to Prophet Muhammad SAW through the angel Gabriel (Jibril), gradually over a period of approximately 23 years, beginning on 22 December 609 CE, when Prophet Muhammad SAW was 40, and concluding in 632, the year of his death. Muslims regard the Quran as the most important miracle of Prophet Muhammad SAW, a proof of his prophethood, and the culmination of a series of divine messages that started with the messages revealed to Prophet Adam (Pbuh) and ended with Prophet Muhammad SAW. The word "Quran" occurs some 70 times in the text of the Quran, although different names and words are also said to be references to the Quran. According to the traditional narrative, several companions of Prophet Muhammad SAW served as scribes and were responsible for writing down the revelations. Shortly after Prophet Muhammad SAW passed away, the Quran was compiled by his companions who wrote down and memorized parts of it. These codices had differences that motivated the Caliph Uthman to establish a standard version now known as Uthman's codex, which is generally considered the archetype of the Quran known today. There are, however, variant readings, with mostly minor differences in meaning. The Noble Quran assumes familiarity with major narratives recounted in the Biblical scriptures. It summarizes some, dwells at length on others and, in some cases, presents alternative accounts and interpretations of events. The Noble Quran describes itself as a book of guidance for mankind.

Hippie Modernism-Greg Castillo 2015 Hippie Modernism: The Struggle for Utopia accompanies an exhibition of the same title examining the art, architecture and design of the counterculture of the 1960s and early 1970s. The catalogue surveys the radical experiments that challenged societal and professional norms while proposing new kinds of technological, ecological and political utopia. It includes the counter design proposals of Victor Papanek and the anti-design polemics of Global Tools; the radical architectural visions of Archigram, Superstudio, Haus Rucker Co and ONYX; the media-based installations of Ken Isaacs, Joan Hills and Mark Boyle and Helio Oiticica and Neville D'Almeida; the experimental films of Jordan Belson, Bruce Conner and John Whitney; posters and prints by Emory Douglas, Corita Kent and Victor Moscoso; documentation of performances staged by the Diggers and the Cockettes; publications such as Oz Magazine and The Whole Earth Catalog and books by Marshall McLuhan and Buckminster Fuller; and much, much more. While the turbulent social history of the 1960s is well known, its cultural production remains comparatively under-examined. In this substantial volume, scholars explore a range of practices such as radical architectural and anti-design movements emerging in Europe and North America; the print revolution in the experimental graphic design of books, posters and magazines; and new forms of cultural practice that merged street theater and radical politics. Through a profusion of illustrations, interviews with figures including Gerd Stern and Michael Callahan of USCO, Gunther Zamp Kelp of Haus Rucker Co, Ken Isaacs, Ron Williams and Woody Rainey of ONYX, Franco Raggi of Global Tools, Tony Martin, Clark Richert and Richard Kallweit of Drop City, and new scholarly writings, this book explores the hybrid conjunction of the countercultural ethos and the modernist desire to fuse art and life.

In this book we are treated to some very in-depth and heart-touching prose that takes us to the core of his thoughts, as well as more poetry from when Carl was a young boy. This mixture of old and new allows us to be part of his journey and really capture the moment of when the poet put pen to paper. I believe that anyone who reads it will instantly relate to the various themes and questions in the book.
