Soaking Wet-Alex Algren 2011-05-01 If the thought of bikinis on the beach, cherry red latex miniskirts, or bare shoulders in the backseat make your heart race and your hands wander—don't stop now, because Soaking Wet is bound to keep the dirty fun rolling. Whether they're in pursuit of a new conquest or in the safety of their longtime lover's arms, the women in Soaking Wet are interested in one thing and one thing only: satisfying their deepest, most insistent desires. In this scintillating collection of lesbian erotica, the women are hot and the sex is hotter. A private wet T-shirt contest passes the time on a scorching afternoon in "Just Another Day at the Beach," by Rachel Kramer Bussel. A female cop's girlfriend discovers her exhibitionist streak when they get caught in the backseat of their car by a fellow officer in Sophie Mouette's "Busted." Lee Cairney's "Cruising" tells the provocative story of a woman posing as a man on the prowl but gets more than she expected in an encounter with someone like herself. These stories and other lust-filled tales in Soaking Wet are sure to grab you and hold on tight until the earthshaking, lip-quivering end.

Pushing Electrons-Daniel P. Weeks 2013-01-01

This brief guidebook assists you in mastering the difficult concept of pushing electrons that is vital to your success in Organic Chemistry. With an investment of only 12 to 16 hours of self-study you can have a better understanding of how to write resonance structures and will become comfortable with bond-making and bond-breaking steps in organic mechanisms. A paper-on-pencil approach uses active involvement and repetition to teach you to properly push electrons to generate resonance structures and write organic mechanisms with a minimum of memorization. Compatible with any organic chemistry textbook. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Kama Sutra-Vatsyayana 2015-05-11 The Kama Sutra The Standard Work on Human Sexual Behavior By Vatsyayana Translated from the Sanscrit In Seven Parts, with Preface, Introduction and Concluding Remarks. New Edition The Kama Sutra is an ancient Indian Hindu text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vaatsyayana. A portion of

the work consists of practical advice on sexual intercourse. It is largely in prose, with many inserted anustubh poetry verses. "Kama" which is one of the four goals of Hindu life, means desire including sexual desire the latter being the subject of the textbook, and "sutra" literally means a thread or line that holds things together, and more metaphorically refers to an aphorism (or line, rule, formula), or a collection of such aphorisms in the form of a manual. Contrary to popular perception, especially in the western world, Kama sutra is not exclusively a sex manual; it presents itself as a guide to a virtuous and gracious living that discusses the nature of love, family life and other aspects pertaining to pleasure oriented faculties of human life. The Kama Sutra is the oldest and most notable of a group of texts known generically as Kama Shastra (Sanskrit: Kama Sastra). Historians attribute Kamasutra to be composed between 400 BCE and 200 CE. John Keay says that the Kama Sutra is a compendium that was collected into its present form in the 2nd century CE.

Forbidden Fruit-Anonymous 101-01-01

Forbidden fruit is a phrase that originates from Genesis concerning Adam and Eve in Genesis 2:16-17. In the narrative, Adam and Eve ate the fruit of good and evil in the Garden of Eden, which they had been commanded not to do by God

Playing It My Way-Sachin Tendulkar 2014-11-06 The greatest run-scorer in the history of cricket, Sachin Tendulkar retired in 2013 after an astonishing 24 years at the top. The most celebrated Indian cricketer of all time, he received the Bharat Ratna Award - India's

highest civilian honour - on the day of his retirement. Now Sachin Tendulkar tells his own remarkable story - from his first Test cap at the age of 16 to his 100th international century and the emotional final farewell that brought his country to a standstill. When a boisterous Mumbai youngster's excess energies were channelled into cricket, the result was record-breaking schoolboy batting exploits that launched the career of a cricketing phenomenon. Before long Sachin Tendulkar was the cornerstone of India's batting line-up, his every move watched by a cricket-mad nation's devoted followers. Never has a cricketer been burdened with so many expectations; never has a cricketer performed at such a high level for so long and with such style - scoring more runs and making more centuries than any other player, in both Tests and one-day games. And perhaps only one cricketer could have brought together a shocked nation by defiantly scoring a Test century shortly after terrorist attacks rocked Mumbai. His many achievements with India include winning the World Cup and topping the world Test rankings. Yet he has also known his fair share of frustration and failure - from injuries and early World Cup exits to stinging criticism from the press, especially during his unhappy tenure as captain. Despite his celebrity status, Sachin Tendulkar has always remained a very private man, devoted to his family and his country. Now, for the first time, he provides a fascinating insight into his personal life and gives a frank and revealing account of a sporting life like no other.

Under the Sabers-Tanya Biank 2006-02-07 Under the Sabers is a groundbreaking narrative

detailing the complex personal challenges Army wives face, presenting a provocative new look at Army life. Tanya Biank goes beyond the sound bites and photo ops of military life and shows what it is really like to be an Army wife—from hauling furniture off the rental truck by yourself at a new duty station when your husband is in the field, to comforting your son who wants his dad home from Afghanistan for his fifth birthday—she takes readers into the hearts and homes of today's military wives. In the summer of 2002, Army wives were in the headlines after Biank, a military reporter for the Fayetteville Observer, made international news when she broke the story about four Army wives who were brutally murdered by their husbands in the span of six weeks at Fort Bragg, an Army post that is home to the Green Berets, Airborne paratroopers, and Delta Force commandos. By that autumn, Biank, an Army brat herself, realized the still untold story of Army wives lay in the ashes of that tragic and sensationalized summer. She knew the truth—wives were the backbone of the Army. They were strong—not helpless—and deserved more than the sugarcoating that often accompanied their stories in the media. Under the Sabers tells the story of four typical Army wives, who, in a flash, find themselves neck-deep in extraordinary circumstances that ultimately force them to redefine who they are as women and Army wives. In this fascinating and meticulously researched account, Biank takes the reader past the Army's gates, where everyone has a role to play, rules are followed, discipline is expected, perfection praised, and perception often overrides reality. Biank explores what happens when real life collides with Army convention. Biank describes what it means to be a wife and mother in a subculture that is in a constant state of readiness for war. In this hard-hitting and powerful book, Biank takes a close look at the other woman—the Army itself—and its impact on wives, marriages, and home life. This story of strength and perseverance is an eye-opener for those who have never experienced military life and an anthem to those women who each day live the "unwritten code."

The Sacred Symbols of Mu-James Churchward 2007-10-01 Occultist James Churchward was obsessed with the lost continent of Mu, home to the original human civilization, after learning of this mysterious and forgotten paradise from an Indian priest, who shared several ancient tablets

written by the Naacals, the inhabitants of Mu. Or so Churchward claimed. Here, in this work first published in 1933, Churchward discusses his contention that all religions from across Earth share a common origin in Mu. In particular, he explores how symbols of Mu-gleaned, supposedly, from the ancient tablets-bear startling resemblances to everything from the Egyptian ankh and Chinese pictograms to Native American calendar glyphs. The reality of Mu aside, students of comparative mythology and fans of esoterica will find this a fascinating book. British inventor, engineer, and author COLONEL JAMES CHURCHWARD (1851-1936), the elder brother of mystic author Albert Churchward, also wrote *The Lost Continent of Mu Motherland of Man* (1926), *The Children of Mu* (1931), *The Lost Continent of Mu* (1931), *Cosmic Forces of Mu* (1934), and *Second Book of Cosmic Forces of Mu* (1935).

Kamasutra-Vatsyayana 2017-09-27 KamaSutra In the literature of all countries there will be found a certain number of works treating especially of love. Everywhere the subject is dealt with differently, and from various points of view. In the present publication it is proposed to give a complete translation of what is considered the standard work on love in Sanscrit literature, and which is called the 'Vatsyayana Kama Sutra,' or Aphorisms on Love, by Vatsyayana. The rough English translation of Kamasutra is pleasure (kama) treatise (sutra). In the West, since it was first (rather surreptitiously) translated and published back in 1883, the book has generally been associated with a series of beautiful, ancient illustrations of a couple determinedly coupling in a variety of fascinating and often utterly improbable positions; as essentially the erotic counterpart to the ascetic asanas of yoga

THE ART OF SEDUCTION (PB)-Seema Anand 2017

Song of Scarabaeus-Sara Creasy 2010-04-27 "A powerful debut....Gripping characterization, non-stop action, fascinating biological speculation, and a dash of romance. Don't miss it!" —Linnea Sinclair Remember the name: Sara Creasy. With *Song of Scarabaeus* she takes her place alongside Ann Aguirre and Linnea Sinclair, staking her claim as one of the most exciting new writers currently rocketing across the science

fiction universe. Seamlessly blending action, romance, intrigue, technology, and a tough, complex, and unforgettable heroine in the vein of Elizabeth Moon, Creasy boldly goes where few have traveled before. No wonder author Vonda N. McIntyre declares that "Sara Creasy is a new writer to watch, and Song of Scarabaeus is a novel to read and enjoy."

True to the Spirit-Colin MacCabe 2011 Adaptation persists as a major area of inquiry in both film and literary studies. Over the past two decades, scholars have extended the debate well beyond George Bluestone's influential *Novels into Film* (1957) by taking into account such concerns as intertextuality and different forms of narrative enabled through new media. A dominant trend has been to dispense straight away with questions of fidelity and "faithfulness," the assumption being that such views are naïve, moralistic, and rooted in a cultural prejudice against the audiovisual. While acknowledging the merits of this position--namely its complication of the one-way "page-to-screen" perspective--this collection seeks to put the question of fidelity back into play. The essays explore the ways in which the newer, more sophisticated approaches can still accommodate forms of fidelity between two or more texts without having to reinscribe untenable distinctions between "original" and "copy," and without having to argue from a strict media essentialist position that stages an impasse between linguistic and cinematic means of articulation. In addition, the scholars in this volume seek to recognize and account for fidelity's cultural currency among filmmakers and audiences alike, no matter how impossible fidelity might be in a literal sense. The selected

essays offer an opportunity to showcase both well established adaptation scholars (Laura Mulvey, Dudley Andrew, Tom Gunning and James Naremore) and emerging voices in the field.

Opal-Jennifer L. Armentrout 2012-12-11 Book Three of the bestselling Lux series No one is like Daemon Black. When he set out to prove his feelings for me, he wasn't fooling around. Doubting him isn't something I'll do again, and now that we've made it through the rough patches, well... There's a lot of spontaneous combustion going on. But even he can't protect his family from the danger of trying to free those they love. After everything, I'm no longer the same Katy. I'm different... And I'm not sure what that will mean in the end. When each step we take in discovering the truth puts us in the path of the secret organization responsible for torturing and testing hybrids, the more I realize there is no end to what I'm capable of. The death of someone close still lingers, help comes from the most unlikely source, and friends will become the deadliest of enemies, but we won't turn back. Even if the outcome will shatter our worlds forever. Together we're stronger...and they know it. Read the entire bestselling series! #1: Obsidian (from Katy's point of view) #2: Onyx (from Katy's point of view) #3: Opal (from Katy's point of view) #4: Origin #5: Opposition Oblivion (Books 1-3 from Daemon's point of view) CAN BE READ FIRST OR AFTER KATY'S POV! Prequel: Shadows (Dawson's story)

Tapping Into Abundance-Sandra Inman

2020-04-15 If you want the Law Of Attraction to work for you without all of those limiting beliefs holding you back then keep reading...Are you trying to manifest more money, a better career or love relationships into your life but can't get past what seems to be an invisible wall of resistance?If so, you're not alone. In fact, most people who try to bring the principles of co-creation and manifestation into their lives struggle to make it happen. And if you're like most of them, you've tried all the normal mindset "hacks and re-frames": affirmations, positive thinking and creative visualisation. While these all have a place in manifestation, they have fallen short in dealing with the main cause of most of your failures. So, what can you do about it all?In **Tapping Into Abundance: How to use EFT Tapping With The Law of Attraction to Change Your Mindset and Turn Your Life Around**, Sandra Inman presents a very simple process. She guides you through a step-by-step program that teaches you how to use EFT (Emotional Freedom Technique) or Tapping, to release and eliminate limiting mindset blocks once and for all. Looking at how your beliefs affect your behaviour and the quantum research surrounding energy and emotions Sandra opens your eyes to just how transformative tapping can be. She then provides you with processes that can lead to real change. Sandra takes you on a journey that begins with what you want to manifest into your life right now. She teaches you how to use tapping to address the limiting beliefs and emotional discomfort that come up for you when you think about your dreams, goals and desires. As the journey continues, she helps you move to the deeper issues that created that invisible wall of resistance in the first place. With easy-to-follow exercises and tapping scripts, Sandra helps you break down the walls of emotional pain and the underlying beliefs and vows that are causing this pain. She also addresses key blockages that you may not think you have. At the end of this program you will:

- Understand your own magnetic ability and how to increase its effectiveness.
- Discover your blocks to manifestation and skilfully eliminate them.
- Access the power within you that directs the universal energy toward your goals.
- Know yourself and what you really want from life.
- Fast track your ability to live the life you were born to live by following a simple 5 Step method.

After reading this book, you'll not only understand what's been preventing you from successful

manifestation but also how to achieve complete and lasting freedom from those unpleasant beliefs that have been holding you back from fully stepping into your power.

Stop Reading the News-Rolf Dobelli

2021-01-07 News is to the mind what sugar is to the body. In 2013 Rolf Dobelli stood in front of a roomful of journalists and proclaimed that he did not read the news. It caused a riot. Now he finally sets down his philosophy in detail. And he practises what he preaches: he hasn't read the news for a decade. **Stop Reading the News** is Dobelli's manifesto about the dangers of the most toxic form of information - news. He shows the damage it does to our concentration and well-being, and how a misplaced sense of duty can misdirect our behaviour. From the author of the bestselling **The Art of Thinking Clearly**, Rolf Dobelli's book offers the reader guidance about how to live without news, and the many potential gains to be had: less disruption, more time, less anxiety, more insights. In a world of increasing disruption and division, **Stop Reading the News** is a welcome voice of calm and wisdom.

Mastering Spark for Data Science-Andrew

Morgan 2017-03-29 Master the techniques and sophisticated analytics used to construct Spark-based solutions that scale to deliver production-grade data science products

About This Book

Develop and apply advanced analytical techniques with Spark

Learn how to tell a compelling story with data science using Spark's ecosystem

Explore data at scale and work with cutting edge data science methods

Who This Book Is For

This book is for those who have beginner-level familiarity with the Spark architecture and data science applications, especially those who are looking for a challenge and want to learn cutting edge techniques. This book assumes working knowledge of data science, common machine learning methods, and popular data science tools, and assumes you have previously run proof of concept studies and built prototypes.

What You Will Learn

Learn the design patterns that integrate Spark into industrialized data science pipelines

See how commercial data scientists design scalable code and reusable code for data science services

Explore cutting edge data science methods so that you can study trends and causality

Discover advanced programming techniques using RDD and the DataFrame and Dataset APIs

Find out

how Spark can be used as a universal ingestion engine tool and as a web scraper Practice the implementation of advanced topics in graph processing, such as community detection and contact chaining Get to know the best practices when performing Extended Exploratory Data Analysis, commonly used in commercial data science teams Study advanced Spark concepts, solution design patterns, and integration architectures Demonstrate powerful data science pipelines In Detail Data science seeks to transform the world using data, and this is typically achieved through disrupting and changing real processes in real industries. In order to operate at this level you need to build data science solutions of substance –solutions that solve real problems. Spark has emerged as the big data platform of choice for data scientists due to its speed, scalability, and easy-to-use APIs. This book deep dives into using Spark to deliver production-grade data science solutions. This process is demonstrated by exploring the construction of a sophisticated global news analysis service that uses Spark to generate continuous geopolitical and current affairs insights. You will learn all about the core Spark APIs and take a comprehensive tour of advanced libraries, including Spark SQL, Spark Streaming, MLlib, and more. You will be introduced to advanced techniques and methods that will help you to construct commercial-grade data products. Focusing on a sequence of tutorials that deliver a working news intelligence service, you will learn about advanced Spark architectures, how to work with geographic data in Spark, and how to tune Spark algorithms so they scale linearly. Style and approach This is an advanced guide for those with beginner-level familiarity with the Spark architecture and working with Data Science applications. Mastering Spark for Data Science is a practical tutorial that uses core Spark APIs and takes a deep dive into advanced libraries including: Spark SQL, visual streaming, and MLlib. This book expands on titles like: Machine Learning with Spark and Learning Spark. It is the next learning curve for those comfortable with Spark and looking to improve their skills.

Swami Vivekananda Tells Stories-Swami Atmashraddhananda 2015-11-05 Swami Vivekananda was a wonderful storyteller. His talks and writings are interspersed with numerous anecdotes and illustrations. This book published by Advaita Ashrama, a publication

Just Walk Across the Room-Bill Hybels 2008-09-09 What if you knew that by simply crossing the room and saying hello to someone, you could change that person's forever? Just a few steps to make an eternal difference. It has nothing to do with methods and everything to do with taking a genuine interest in another human being. All you need is a heart that's in tune with the Holy Spirit and a willingness to venture out of your "Circle of Comfort" and into another person's life. Just Walk Across the Room brings personal evangelism into the twenty-first century. Building on the solid foundation laid in Becoming a Contagious Christian, Bill Hybels shows how you can participate in the model first set by Jesus, who stepped down from heaven 2,000 years ago to bring hope and redemption to broken people living in a fallen world. Now it's your turn. Your journey may not be as dramatic, but it can have a life-changing impact for someone standing a few steps away from you—and for you as well, as you learn the power of extending care, compassion, and inclusiveness under the guidance of the Holy Spirit. The highest value in personal evangelism is cooperating with the Spirit, says Hybels. This means playing only the role you're meant to play—walking when the Spirit says to walk, talking when he says to talk, and falling silent when he suggests that you've said enough. Hybels encourages you to "live in 3D" ... —Developing friendships —Discovering stories —Discerning appropriate next steps ... as a means of learning to understand the Holy Spirit's promptings. With fresh perspectives from his own reflections and experiences collected during his most recent decade of ministry, Bill Hybels shows with convincing and inspiring clarity the power of this personal, richly relational approach to evangelism. The stakes are high. The implications are eternal. And you may be only a conversation away from having an eternal impact on someone's life—if you will just walk across the room.

Izzy the Invisible-Louise Gray 2016-01-07 A sweet and gentle story about sisters, trust, parrots, disappearing . . . and doing the right thing. Eight-year-old Izzy is more curious, playful and clumsy than her serious, grown-up sister

Carrie. In fact Izzy is much more like Gran, an eccentric scientist who has a house full of weird and wonderful pets. But when one of Gran's experiments backfires, Izzy discovers that she has the ability to become invisible! That is, unless Perky the parrot is perched on her shoulder, or she has one of his feathers safely stowed in her pocket. Yikes! While Gran searches for an antidote, Izzy explores her invisibility - to her and Perky's amusement - but Mum, Dad and Carrie aren't impressed. Can Izzy prove that she is using her invisibility to help those around her, and regain her sister's trust?

Claim Me Hard-Vanessa Vale 2019-02-12
Hiding from a crazy ex-boyfriend, Hannah Winters is determined to keep her head down and her heart locked safely away. Burned out from practicing medicine and dealing with a controlling jerk, her interest in romance is at absolute zero...until they walk in. One look at Cole and Declan and Hannah is going to have a very hard time keeping the ice around her heart from melting. Declan grew up in Bridgewater, and his job as a police officer means he's got an instinct for trouble, and Hannah Winters stirs up all kind of feelings he can't fight. When his friend, Cole finds out about the sexy type-A woman with desire in her eyes but lies on her lips, he's just as determined to tame her and uncover her deepest fears--and desires. When her past catches up to her, it'll be Cole and

Declan who convince her to stop running, from her past, and from the desire burning white hot between them. They're going to claim her, even if they have to do it the hard way...one seductive kiss at a time. Warning: Panty melting! Claim Me Hard is book 2 in the wildly dirty series where two obsessed alpha cowboys meet their Type-A heroine. This standalone HEA is all about her - no M/M.

Fuels and Combustion-Samir Sarkar
2010-01-21 Fuels and Combustion is a systematic and comprehensive work on a subject that forms an integral part of the undergraduate degree courses in chemical, mechanical, metallurgical, and aeronautical engineering. While emphasizing the fundamental principles, the book provides a balanced treatment of energy resources, processing of fuels, fundamentals of combustion, and combustion appliances. The book takes a different approach by dealing with the topics in an Indian context. The third edition of the book has a completely new introduction, layout, and design, and new statistics have been added to provide up-to-date information.

Throb-Vi Keeland 2015-01-25 From New York Times & USA Today Bestseller, Vi Keeland, comes a steamy new romance novel. The rules: No dating. No sex outside of the game. No disclosing the terms of the contract. Rules were made to be broken, right? Eight weeks ago I signed a contract. One that seemed like a good idea at the time. A handsome bachelor, luxury accommodations, and a chance to win a prize my family desperately needed. There were some rules though. Lots of them actually. Follow the script, no dating, sex, or disclosing the terms of the deal. After my self-imposed moratorium on men the last year, it wouldn't be hard to live up to my end of the bargain...so I thought. Until I realized the deal I'd made was with the

devil...and I was in love with his dirty-talking brother. Author's note - Throb is a full-length standalone novel. Due to strong language and sexual content, this book is not intended for readers under the age of 18.

International Economics-Robert C. Feenstra
2019-06-10 Developed in the classroom by two of the most prominent researchers in the field, Feenstra and Taylor's International Economics uses engaging applications to provide a modern view of the global economy for a modern audience. Most international economics textbooks emphasize theory and the economies of advanced countries. Feenstra and Taylor combine theoretical coverage with empirical evidence throughout, while reflecting the realities of the global economy by covering emerging markets and developing countries (India, China, Southeast Asia). The new edition has been thoroughly updated to include new data and Applications, as well as many new Headlines to reflect the rapid changes in international economics during the last three years. The 4th Edition includes the latest on opening relations with Cuba, immigration and Europe's refugee crisis, the effect of NAFTA on wages and employment, job polarization, quicksourcing, China's problems, and the debate in Britain about leaving the European Union. A modern textbook requires a modern and integrated homework system. LaunchPad offers our acclaimed content organized for easy assignability by instructors and enhanced learning for students.

My Story: Schapelle Corby-Schapelle Corby
2019-10-29 THE NO.1 BESTSELLER, FULLY REVISED AND UPDATED SINCE HER RELEASE AND RETURN HOME. Schapelle Corby walked out of Kerobokan Prison in 2014, leaving behind a dark hellhole of violence, corruption and squalor, and straight into a global media circus. She had been Hotel K's most famous inmate. Schapelle was a 27-year-old beauty-school student when, in 2004, Bali customs officers found 4.2 kilograms of marijuana in her boogie-board bag. She was convicted of a crime she still

vehemently denies committing. She spent ten years in Hotel K, where she survived unimaginable horrors, corrupt guards, degrading conditions and abuse at the hands of other prisoners, but also, amazingly, found the love of her life - a love that still burns strong. In this revised and updated edition of My Story, first published in 2006, Schapelle describes her descent into madness and finding her way back, the chaos of her release, the trials of surviving outside on parole and, eventually, her dramatic return to Australia, all the while hounded mercilessly by the media. This is the first time since 2006 that Schapelle has spoken, driven by a determination to show she has emerged, scarred, but with her dignity, humour and courage intact. Written with bestselling author Kathryn Bonella, this is a deeply unsettling but utterly compelling tale of what should have been a holiday in paradise but instead turned into 13 years of living hell. You won't be able to put it down.
