Teología Sistemática desde una perspectiva pentecostal unicitaria-Thomas W Harrison 2020-10-07 No es fácil hablar de cosas complejas en términos sencillos, pero eso es precisamente lo que intenta hacer nuestro hermano Thomas en su primer tomo sobre teología. Usted juzgará, al final de la lectura de su libro, si lo logra o no.Inicia por donde debe ser, comprobando que la Biblia es la Palabra de Dios, y como tal, autoridad máxima, última palabra en toda discusión. Resaltando lo importante que, para todo verdadero cristiano, debe ser un estudio bíblico concienzudo.En seguida aborda la cuestión acerca de Dios, desde una perspectiva unicitaria, y mostrando además la diversas posiciones que hay en temas que aún hoy generan controversia. El lector atento podrá notar que se citan muchos autores que, sin pertenecer a nuestra fe, dicen la verdad. Bien lo dice nuestro hermano Harrison en el prefacio "la verdad es siempre verdad no importa quien la diga". Pero también abundan las referencias bíblicas para dar sustento a la argumentación.El libro termina introduciéndonos en el tema del ser humano, una antropología bíblica que desnuda la raíz del problema espiritual del hombre. Recomendando ampliamente la lectura de este texto de introducción a la teología sistemática, y bienvenidos los demás volúmenes.

Renewal Theology-J. Rodman Williams 2011-05-03 Renewal Theology deals with the full range of Christian truth from within the charismatic tradition. Previously published as three separate volumes, Renewal Theology represents the first exhaustive, balanced articulation of charismatic theology. Renewal Theology discusses: Book One--God, the World, and Redemption - Book Two--Salvation, the Holy Spirit, and Christian Living - Book Three--The Church, the Kingdom, and Last Things. As theology, this work is an intellectual achievement. But it is much more than that. The author urges the church to undertake its task of theology in the proper spirit: - an attitude of prayer - a deepening sense of reverence - an ever-increasing purity of heart - a spirit of growing love - a theological approach rooted in the glory of God. Done in such a spirit, theology becomes a faithful and powerful witness to the living God.

Bible Doctrine-Wayne A. Grudem 2014-10-28 How do we know the Bible is God's Word? What is sin and where did it come from? How is Jesus fully God and fully man? What are spiritual gifts? When and how will Christ return? If you've asked questions like these, then "systematic theology" is no abstract term. It's an approach to finding answers every Christian needs to know. Bible Doctrine takes a highly commended upper-level textbook on systematic theology and makes it accessible to the average reader. Abridged from Wayne Grudem's award-winning Systematic Theology, Bible Doctrine covers the same essentials of the faith, giving you a firm grasp on seven key topics: The Doctrine of the Word of God The Doctrine of God The Doctrine of Man The Doctrine of Christ The Doctrine of the Application of Redemption The Doctrine of the Church The Doctrine of the Future Like Systematic Theology, this book is marked by its clarity, its strong scriptural emphasis, its thoroughness in scope and detail, and its treatment of such timely topics as spiritual warfare and the gifts of the Spirit. But you don't need to have had several years of Bible school to reap the full benefits of Bible Doctrine. It's easy to understand--and it's packed with solid, biblical answers to your most important questions.

God Behaving Badly-David T. Lamb 2011-06-04 God has a bad reputation. Many think of God as wrathful and angry, smiting people right and left for no apparent reason. The Old Testament in particular seems at times to portray God as capricious and malevolent, wiping out armies and nations, punishing enemies with extreme prejudice. But wait. The story is more complicated than that. Alongside troubling passages of God's punishment and judgment are pictures of God's love, forgiveness, goodness and slowness to anger. How do we make sense of the seeming contradiction? Can God be trusted or not? David Lamb unpacks the complexity of the Old Testament to explore the character of God. He provides historical and cultural background to shed light on problematic passages and to bring underlying themes to the fore. Without minimizing the sometimes harsh realities of the biblical record, Lamb assembles an overall portrait that gives coherence to our understanding of God in both the Old and New Testaments.

Theology of Revelation-Rene Latourelle 2009-11-01 For fruitful discussion within the Church, for a meaningful dialogue with other Christians, for the renewal of the theology of preaching--for these and many other reasons, we need a new understanding of the nature of revelation. The usual apologetical treatment of revelation, bent on proving its existence, touches but the fringe of the reality. Our day and age needs a theology of revelation which probes the nature, depths and dimensions of the mystery. Father Latourelle's study is a significant contribution in this unfurrowed field, and may well be recognized as a landmark for years to come. His treatment of scriptural data on the notion of revelation is grounded on the advances of twentieth century exegesis. He admirably handles the multifaceted Old Testament notion of revelation; and his detailed study of the Synoptics, Acts, Paul, and John heightens the point that the Old Testament's revelation foreshadowed the New, and the New is only intelligible against the background of the Old. His summary of the patristic idea of revelation is erudite and stimulating, and probes the thoughts of twenty writers from the Apostolic Fathers to Augustine. The richness of patristic insight contrasts sharply with later theological studies of the nature of revelation. His study of the theological thought of the scholastic and neo-scholastic schools is critical and informative. Their approach culminated in overstressing the apologetical aspects of revelation—a course which modern theology is abandoning to re-discover a theology of revelation that is Christ-centered, Scriptural, historical and interpersonal. In treating of the magisterium, the author presents a splendid analysis of official documents from Trent to Vatican II, and his summary underscores the point that the Church documents present a view of revelation that closely resembles that of the biblical and patristic sources. The author's personal reflections enable us to view many aspects of revelation in a new light. He draws on the insights of modern linguistics to give a new dimension to revelation's traditional definition, locutio Dei. He elucidates the point that revelation is neither event alone nor word alone--its structure is sacramental and consists of events interpreted by word . . . In dealing with preaching, miracles and other themes, Father Latourelle combines wide erudition and lucidity, and his work stands as a major contribution to modern theological thought.

The Book of Acts-Stanley M. Horton 1981

He That Is Spiritual-Lewis Sperry Chafer 1967 A classic study of the Biblical doctrine of spirituality.

Biblical Theology of the Old Testament-Bob Conway 2016-10-17 Biblical Theology of the Old Testament: A Lamp Shinning on the New Testament is a study of progressive biblical revelation from five centers that may be studied individually, but when combined shine light on both testaments. THE STRUCTURAL CENTER is God's four programs-Covenants, Kingdom, Messiah and Land-is the central motifs of every biblical doctrine and event. THE ETHICAL CENTER looks at every aspect of the Law and its applications under the Old Covenant and New

Covenant. THE PROPHETICAL CENTER is an interpretation of the theology of each of the Old Testament prophets. THE HISTORICAL CENTER provides the biblical view of man along with God's plan of redemption for Israel and the Church. THE DIVINE CENTER is God's autobiography written on the pages of Scripture. Within this book, a critical assessment of Classic Theism and Open Theism is made that is based solely on Scripture, revealing that God is always at work-sustaining and overruling in all creation for His plans and purposes.

Systematic Theology-Louis Berkhof 2017-02-17 Considered one of the best books on Systematic Theology ever written, it covers all the basics on the reality of God, the atonement of Christ and the final state of man and the last things. Pentecostal Theology-Wolfgang Vondey 2017-07-13 Winner of the Pneuma Book Award 2018, from The Society for Pentecostal Studies. Pentecostalism is the most rapidly growing branch of Christianity since the 20th century, yet it does not lend itself well to a singular doctrine and there is, therefore, no single comprehensive account of Pentecostal theology worldwide. In this volume, Wolfgang Vondey suggests an account of Pentecostal theology that is genuine to Pentecostals worldwide while allowing for different adaptation and explication among the various Pentecostal groups. He argues that Pentecostal theology is fundamentally concerned with the renewal of the Christian life identified by the transforming work of the Holy Spirit and directed toward the kingdom of God. The book unfolds in two main parts illustrating the full gospel story and theology. Eleven chapters identify the spiritual underpinnings and motivations for Pentecostal theology, formulate a Pentecostal theology of action, translate, apply, and exemplify Pentecostal practices and experiences, and integrate Pentecostal theology in the wider Christian tradition.

El Diablo, Desde Una Perspectiva Bíblica-Deiby Herrera 2018-02-13 El poeta Howard Nemerov dijo: “Debo ser muy cauteloso al hablar del diablo, no sea que piensen que lo estoy invocando.” Sin embargo, toda persona creyente o no, debe conocer sus perversas intenciones, para poder luchar contra ellas. No podemos hablar del diablo sin tener un panorama bíblico completo, el diablo o satanás es considerado en las sagradas escrituras como el príncipe de este mundo,(Juan 14: 30) el dios de este siglo (2 Corintios 4: 4) La serpiente antigua, el gran dragón, (Apocalipsis 20: 2) el león rugiente, el agresivo adversario (1 Pedro 5: 8) el temible destructor (Apocalipsis 9:11), el sanguinario homicida (Juan 8: 44), el dominante maligno (1 Juan 5: 19) enemigo de todo lo bueno, y de la humanidad y se ha opuesto deliberadamente a la voluntad de Dios que desea salvar al ser humano. Pero ¿quién es el diablo?, ¿de dónde surgió?, ¿cuál es su origen?, ¿por qué es malo?, y ¿por qué es el enemigo de los hombres?, ¿cuál es su nombre?, ¿cómo es su carácter? ¿Y cómo es su naturaleza? ¿Y por qué procura solo la maldad?, ¿que lo llevo a su rebelión? ¿Y quiénes son sus ayudantes? ¿Y cómo terminara su historia?, para todas esas preguntas la biblia ofrece una respuesta. Este libro tiene como único propósito, procurar la adoración y obediencia exclusivamente a Dios, para no caer en el error de satanás y no sufrir su mismo fin.

Cristología: La Doctrina de Jesucristo-Eduardo Rodrigues 2014-06-07 Cristología es la principal rama de la Teología, de imponente e importancia fundamental para la fe cristiana. Tal estudio registró y sucedió gran centralidad para la vida de la Iglesia hasta los días de hoy en la Cristología abordada en los primeros concilios, que definieron y sistematizaron dogmáticamente las dos naturalezas de Cristo, la Divina y la Humana y su Persona única e indivisible, además de su Alma y relación con el Padre y el Espíritu Santo. También efectuaron notable instrucción en la proclamación del dogma de la Santísima Trinidad. Jesús era el Hijo del Dios e del Hombre, conforme Él mismo se proclamó. Sin duda fue un hombre con una personalidad impresionante a punto de despertar un grito entusiasmado de una mujer, conforme Lucas 11.27. Jesús fue la personalidad más brillante

que la humanidad ya tuvo, un gran líder que no solamente hizo de hombres sin calificaciones de liderazgos, verdaderos líderes mundiales, como despertó para la vida aquellos que vivían sin esperanzas. Vivió intensamente la vida, no esclavo de sus emociones ni prisionero de la ansiedad. Sus palabras y actitudes, atención la los necesitados y despreciados, y su fidelidad a sus ideas, lo hicieron una mente tan brillante que ningún otro pensador o personalidad de la historia humana se puede igualar a Él. En la cristología aprendemos que Cristo no fue ningún revolucionario judío, un grande filántropo o un filósofo que haya postulado *lexis moralis*, mucho menos un guía espiritual como los gurús hindús. Al contrario, fue mucho más que cualquiera de estos y más aún - un personaje *theantrópico*. El presente libro cuenta con las principales estructuras doctrinarias de la Cristología, sus nombres y títulos, su divinidad y humanidad, tentaciones, oficios, sufrimiento y resurrección, a fin de proporcionar al alumno un conocimiento fundamental de la doctrina.

Theology of Hope-Jurgen Moltmann 2010-05-04 This work represents a statement of the importance for theology of eschatology - and of an eschatological theology which emphasizes the revolutionary effect of Christian hope upon the thought, institutions and conditions of life in the here and now.

Surprised by Hope-N. T. Wright 2008-02-05 For years Christians have been asking, "If you died tonight, do you know where you would go?" It turns out that many believers have been giving the wrong answer. It is not heaven. Award-winning author N. T. Wright outlines the present confusion about a Christian's future hope and shows how it is deeply intertwined with how we live today. Wright, who is one of today's premier Bible scholars, asserts that Christianity's most distinctive idea is bodily resurrection. He provides a magisterial defense for a literal resurrection of Jesus and shows how this became the cornerstone for the Christian community's hope in the bodily resurrection of all people at the end of the age. Wright then explores our expectation of "new heavens and a new earth," revealing what happens to the dead until then and what will happen with the "second coming" of Jesus. For many, including many Christians, all this will come as a great surprise. Wright convincingly argues that what we believe about life after death directly affects what we believe about life before death. For if God intends to renew the whole creation—and if this has already begun in Jesus's resurrection—the church cannot stop at "saving souls" but must anticipate the eventual renewal by working for God's kingdom in the wider world, bringing healing and hope in the present life. Lively and accessible, this book will surprise and excite all who are interested in the meaning of life, not only after death but before it.

Angels-Dr. David Jeremiah 2013-10-16 The remarkable truth about angels, the agents of Heaven, unveiled through Scripture—from the New York Times best-selling author of Everything You Need “Outstanding! As one would expect from David Jeremiah, this book reflects a theologian's concern, a pastor's heart, and a Biblicist's accuracy.”—Dr. Bruce Wilkinson People have long been fascinated by stories of angel sightings, yet many contemporary beliefs about angels are based on misconception and myth rather than solid, biblical truth. As he's done so brilliantly for decades, respected Bible teacher Dr. David Jeremiah of Turning Point Ministries uses Scripture to unveil the remarkable truth about these agents of heaven and their role in our world and our lives. What are angels? What is their role in God's plan? Are they present? Do they appear? Do they give us personal insight about our work and our worship? In this broad and thorough survey of Scripture, Dr. Jeremiah clearly and simply separates fact from fiction as it relates to angels. His enlightening findings are supported with illustrations and insights from prominent teachers, such as Billy Graham, Corrie ten Boom, C. S. Lewis, and more. Dr. Jeremiah's down-to-earth style guides readers around the hype about angels and directly into everything you need to know about the “substance of things unseen!”

The Philosophy of King Solomon-Russell M. Stendal 2016-11-01 The Philosophy of King Solomon explores Solomon's wisdom, the folly of man's ways, and the still-unfolding prophecy found in the rich book of Ecclesiastes.

Christian Theology-Millard J. Erickson 1998-08-01 A revised edition of Erickson's successful systematic theology with updated text and new pedagogical aids, such as chapter outlines, chapter objectives, and study questions.
