Akad Pembiayaan Murabahah di Bank Syariah dalam Bentuk Akta Otentik-Dhody Ananta Rivandi Widjaatmadja 2019-10-15 Peranan dan Fungsi Notaris sebagai pejabat yang membuat akta otentik untuk menerapkan prinsip syariah pada akad pembiayaan Murabahah antara pihak Bank dan Nasabah sangatlah penting karena melalui Notaris, pihak nasabah/calon nasabah dapat memiliki pengetahuan tentang isi akad yang akan dibuat dan disepakati antara pihak bank dan nasabah/calon nasabah. Selanjutnya peran pemerintah pun sangat berperan untuk mengendalikan praktik asas kebebasan berkontrak dalam bentuk rambu-rambu hukum yang diakomodir dalam peraturan perundang-undangan untuk menghindari terjadinya kebebasan berkontrak yang tanpa batas juga untuk menghindari praktik ketidakadilan dalam bertransaksi antara nasabah dengan pihak bank. Salah satu hal penting yang digagas dalam buku ini adalah peran notaris yang sangat menentukan keabsahan suatu akad yang dibuat, sehingga profesi notaris sangat mulia karena ia dapat mengantarkan para pihak (Bank Syariah dan juga para nasabah) untuk sama-sama mewujudkan rukun, syarat, dan prinsip syariah menjelma dalam praktik bermuamalah sekaligus menjadi saksi praktik perjanjian para pihak

Theories of Islamic Law-Imran Ahsan Khan Nyazee 2016-12-24 The main main purpose of the book was to counter the rather simplistic view of the discipline of usul al-fiqh that it represents a single uniform theory, called the classical theory. The view presented in this book was that there is no uniform single legal theory in Islam. The view of a uniform theory was held not only by the Orientalists, but many Muslim scholars as well. The view did not do justice to Islamic jurisprudence for it overlooked the rich diversity found in the Islamic legl system. Instead of one, the book shows, there are at least three legal theories, each of which has been explained by the author in some detail and with remarkable lucidity. Each of these theories has played a useful role in the past and each can play even today a vital role in the development of Islamic law. Another purpose was to explain the paradox of the so-called rigidity of Islamic law at the theoretical level accompanied with a perceptible degree of laxity in practice. The author forcefully argued that the Islamic Legal system comprises two cooperating spheres. The first sphere is relatively fixed since it is focused on given texts. This sphere falls within the domain of the jurists. The other sphere, which draws upon the general principles of Islamic law, regulates the law made by the state. These are separate but complementary spheres. Neither is the relative fixity of the first sphere a manifestation of the Muslim jurists' mental rigidity. Nor is the flexibility of the second sphere the manifestation of any cynical disregard of the revealed texts on the part of the rulers. The book has been influential in many other ways, and has given rise to research in several new directions. First published in 1994, it is still used by teachers, researchers, university students and general readers.

HUKUM KONTRAK DALAM PERJANJIAN BISNIS (Akad Sebagai Legalitas Halal)-Dr. Nurhadi, S.Pd.I, S.E.Sy, SH, M.Sy, MH, M.Pd. Ustadz Hadi Aksi Indosiar 2015 HUKUM KONTRAK DALAM PERJANJIAN BISNIS (Akad Sebagai Legalitas Halal) PENULIS: Dr. Nurhadi, S.Pd.I, S.E.Sy, SH, M.Sy, MH, M.Pd. Ustadz Hadi Aksi Indosiar 2015 Tebal : 106 halaman ISBN : 978-623-7474-90-6 www.guepedia.com Sinopsis: Persaingan bisnis di era globalisasi sekarang menjadi ketat. Fenomena disebabkan semakin banyak lembaga keuangan. Menurut teori ekonomi makro, lembaga keuangan merupakan faktor pendorong pertumbuhan ekonomi negara, perannya sangat penting dan dibutuhkan. UU No. 10 Tahun 1998 tentang Perbankan menyatakan bank boleh menjalankan usaha dual system, yakni secara konvensional dan syariah. Oleh karena Bank harus berinovasi terhadap perubahan sosial ekonomi. Produk perbankan yang diminati masyarakat adalah pembiayaan. Pengertian akad tercantum di UUPS No.1 tahun 2008 Pasal 1 ayat 13 yaitu kesepakatan tertulis antara BS dan UUS dengan pihak lain yang memuat adanya hak kewajiban bagi para pihak sesuai prinsip syariah. Defenisi kontrak adalah hubungan hukum antara para pihak yang menimbulkan hak dan kewajiban yang saling dipertukarkan oleh para pihak. Terminologi perjanjian adalah pristiwa seseorang berjanji pada orang lain atau di suatu tempat dua orang saling berjanji melaksanakan suatu hal atau rencana. www.guepedia.com Email : guepedia@gmail.com WA di 081287602508 Happy shopping & reading Enjoy your day, guys

Studi Hukum Islam Kontemporer "Bagian Dua"-Prof. Dr. H. Syamsul Anwar, MA 2019-07-01 Hukum adalah salah satu elemen ajaran yang penting dalam agama Islam. Dalam istilah agama ini hukum disebut syariah atau fikih. Tetapi kedua kata itu tidak memiliki pengertian yang sama dengan kita menyebut dan mengenal hukum dalam kehidupan sehari-hari kita. Pengertian hukum yang kita kenal sehari-hari dan lebih khusus dalam imu hukum merujuk kepada sekumpulan norma yang disebut norma hukum. Di antara ciri norma hukum itu adalah bahwa ia ditegakkan dengan dukungan kekuasaan dan karenanya bersifat memaksa. Sementara pengertian hukum yang terkandung dalam syariah atau fikih selain mencakup norma hukum juga mencakup norma agama, norma susila dan norma sosial yang diajarkan agama Islam. Jadi pengertian hukum yang terkandung dalam syariah atau fikih jauh lebih luas dan lebih cair dari pengertian hukum yang kita kenal dalam keseharian kita. Tentu masih banyak perbedaan yang lain.

Asas Kebebasan Berkontrak Syariah-Dr. H. Yasardin, S.H., M.Hum 2018-01-01 Melalui pembahasan dalam buku ini, pembaca akan memperoleh pemahaman secara teoritis mengenai kontrak dalam hukum Islam, asas kebebasan berkontrak menurut sistem ekonomi syaariah, termasuk mengenai perbedaan maupun persamaannya dengan asas kebebasan berkontrak menurut sistem ekonomi konvensional, serta urgensinya dalam pembentukan hukum positif di biang ekonomi syariah ataupun pembaruan hukum perjanjian nasional.. *** Persembahan penerbit Kencana (Prenadamedia Group)

Understanding Islamic Finance-Muhammad Ayub 2007-12-10 In Understanding Islamic Finance Muhammad Ayub introduces all the essential elements of this growing market by providing an in-depth background to the subject and clear descriptions of all the major products and processes associated with Islamic finance. Key features include: Discussion of the principles of Islamic finance; Introduction to the key products and procedures that International Financial Institutions are using or may adopt to fund a variety of clients ensuring Shari’ah compliance; Discussion of the role Islamic finance can play in the development of the financial system and of economies; Practical and operational examples that cover deposit and fund management by banks involving financing of various sectors of the economy, risk management, accounting treatment, and working of Islamic financial markets and instruments. This book is not only an important text for all banks and financial institutions entering this particular market with a commitment to building Islamic financial solutions, but is also essential reading for undergraduate and postgraduate students of Islamic finance.

Islamic Law and Finance-Frank E. Vogel 1998-01-01 Mirroring the expansion of wealth in the Middle East and Asia and a surge in Islamic self-identity, Islamic banking practices have either become the law of the land or coexist and compete with Western practices in at least six countries. A growing number of institutions and mutual funds (akin to Western "socially responsible" funds) have established Islamic investment and other practices to cater to this burgeoning market. Because of its prevalence, practitioners in every banking-related area must familiarize themselves with current Islamic finance practices in order to do business with Muslim clients and to engage in cross-border financing. Injunctions from the "Qur'an and the sayings of Prophet Muhammed have generated a web of interrelated norms which prohibit Islamic financiers from engaging in transactions that involve interest "(riba) and speculation "(gharar). "Islamic Law and Finance describes the dynamic set of Islamically-sanctioned ways financiers can transacat business.

Principles of Law-M.E. Bayles 2012-12-06 During the last half of the twentieth century, legal philosophy (or legal theory or jurisprudence) has grown significantly. It is no longer the do main of a few isolated scholars in law and philosophy. Hundreds of scho lars from diverse fields attend international meetings on the subject. In some universities, large lecture courses of five hundred students or more study it. The primary aim of the Law and Philosophy Library is to present some of the best original work on legal philosophy from both the Anglo American and European traditions. Not only does it help make some of the best work available to an international audience, but it also en courages increased awareness of, and interaction between, the two major traditions. The primary focus is on full-length scholarly monographs, although some eidted volumes of original papers are also included. The Library editors are assisted by an Editorial Advisory Board of inter nationally renowned scholars.

Fatwa ekonomi syariah di Indonesia, Malaysia, dan Timur Tengah-Muhammad Maksum 2013 Comparison of sharia economy practices in Indonesia, Malaysia, and the Middle East.

Indonesian Business Law-Sudargo Gautama 1995

Major Legal Systems in the World Today-René David 1978 A significant introduction to the study of comparative law and a notable scholarly work, "Major Legal Systems in the World Today" analyzes the general characteristics which lie behind the development of the four principal legal systems of the world: the Civil law, the Common law, the Socialist law (primarily Soviet), and those based on religious or philosophical principles (Muslim, Hindu, Chinese, Japanese, and African). Providing unique insights into the spirt of each "legal family, " the book presents a total view of the historical foundation and the sources and structure of the law in each system.

Corporate Action Pembentukan Bank Syariah-Khotibul Umam 2018-04-27 Perkembangan perbankan syariah di tingkat internasional telah mendapat momentum sejak 1970-an. Perkembangan yang dimaksud secara umum mengambil dua pola, yakni: pertama, mendirikan bank syariah berdampingan dengan bank konvensional (dual banking system), seperti yang terjadi di Mesir, Malaysia, Arab Saudi, Yordania, Kuwait, Bahraian, Bangladesh, dan Indonesia. Kedua, merestrukturisasi sistem perbankan secara keseluruhan sesuai dengan syariat Islam (full fledged islamic financial system) seperti yang terjadi di Sudan, Iran, dan Pakistan. Pola dual banking dalam konteks Indonesia tidak dimaksudkan untuk selamanya. Hal ini dibuktikan dengan adanya pengaturan mengenai keharusan melakukan pemisahan Unit Usaha Syariah Bank Umum Konvensional dalam jangka waktu maksimal 15 tahun pasca-diundangkannya Undang-Undang Nomor 21 Tahun 2008 tentang Perbankan Syariah. Oleh karena itu, peranan regulasi menjadi titik krusial dalam kedua model tersebut karena seluruh inisiasi awal perbankan syariah dimulai dengan dukungan regulasi yang memadai.

Feminist Legal Theory-D. Kelly Weisberg 1993

Cost Accounting and Financial Management for Construction Project Managers-Len Holm 2018-08-15 Proper cost accounting and financial management are essential elements of any successful construction job, and therefore make up essential skills for construction project managers and project engineers. Many textbooks on the market focus on the theoretical principles of accounting and finance required for head office staff like the chief financial officer (CFO) of a construction firm. This book's unique practical approach focuses on the activities of the construction management team, including the project manager, superintendent, project engineer, and jobsite cost engineers and cost accountants. In short, this book provides a seamless connection between cost accounting and construction project management from the construction management practitioner's perspective. Following a complete accounting cycle, from the original estimate through cost controls to financial close-out, the book makes use of one commercial construction project case study throughout. It covers key topics like financial statements, ratios, cost control, earned value, equipment depreciation, cash flow, and pay requests. But unlike other texts, this book also covers additional financial responsibilities such as cost estimates, change orders, and project close-out. Also included are more advanced accounting and financial topics such as supply chain management, activity-based accounting, lean construction techniques, taxes, and the developer's pro forma. Each chapter contains review questions and applied exercises and the book is supplemented with an eResource with instructor manual, estimates and schedules, further cases and figures from the book. This textbook is ideal for use in all cost accounting and financial management classes on both undergraduate and graduate level construction management or construction engineering programs.

Government Contract Law- 2007

The Distinguished Jurist's Primer-Averroes 1994 A critical analysis of the opinions of famous Muslim jurists and their methodologies. This is the second volume of the 12th-century work, translated from the Arabic.

The Law of Contract-Roger Brownsword 2003 The second edition of this successful work brings the coverage up-to-date with all key developments and relevant changes since 1998. It provides a comprehensive and authoritative treatment of all aspects of the law of contract. It differs to other texts on the topic by offering a fresh, new approach. Analysing the current law, it also highlights possible future developments. Accessible and authoritative, it is designed specifically to meet the needs of the modern practitioner.

The Future of Economic History-Alexander J. Field 2012-12-06 This collection represents a modest attempt to chart a new course for the intellectual discipline known as economic history. (The book is not about productivity growth in the 1990s, lest the title give rise to any confusion.) As a group, these essays suggest new and potentially fruitful areas or approaches for research and at the same time address weaknesses in past efforts. One important audience will be graduate students attempting to decide whether to write a dissertation in economic history, or trying to select or refine dissertation topics in the area, and determine how to approach them. Some of the essays will most certainly be appropriate additions to the or semester courses in economic history that remain a fixture in quarter graduate economics training programs. A second audience should be established scholars who are now or have in the past done research in economic history and are interested in the perspectives of a relatively younger group of scholars. The term "younger" is used here advisedly to describe a group of scholars born between 1943 and 1954. Nevertheless, the authors of these essays can on at least one dimension be distinguished from the pathbreaking new economic his torians who established their academic reputations in the early 1960s. Indeed, the contributors to this volume include students of such pioneers as Richard Easterlin, Albert Fishlow, William Parker, and Jeffrey Williamson.
