Progress in improving stroke care-Great Britain: National Audit Office 2010-02-03 The National Stroke Strategy (2007) is a comprehensive response to the concerns raised by the NAO in its 2005 report on stroke (HC 452,

session 2005-06, ISBN 9780102935707). The strategy has been underpinned by strong national leadership and performance indicators as well as £59 million of central funding over the first two years, £30 million of which was allocated to local authorities specifically to provide support services to stroke patients and their carers. The NHS is now starting to deliver better care from stroke services, and outcomes for patients are also improving. Patients treated in a specialist stroke unit are more likely to survive, have fewer complications and regain their independence, but in 2008 only 17 per cent of stroke patients reached the stroke unit within four hours of arrival at hospital. Brain imaging is also very important for stroke patients but many patients are not given a scan quickly enough and access at weekends and evenings is significantly more limited. There is better awareness of the symptoms of stroke, and that it is a medical emergency, following the Department's 'Stroke: Act FAST' advertising campaign, launched in February 2009. The number of calls categorised as being a suspected stroke during April to June 2009 increased by 54 per cent in comparison with the same period in 2008. But a third of patients are not getting a follow-up appointment within six weeks and only a half of stroke survivors in the NAO's survey said that they were given advice on further stroke prevention when leaving hospital.

Too Much Free Speech?-Randall P. Bezanson 2012-10-15 In *Too Much Free Speech?*, Randall P. Bezanson takes up an essential and timely inquiry into the Constitutional limits of the Supreme Court's power to create, interpret, and enforce one of the essential rights of American citizens. Analyzing contemporary Supreme Court decisions from the past fifteen years, Bezanson argues that judicial interpretations have fundamentally and drastically expanded the meaning and understanding of "speech." Bezanson focuses on judgments such as the much-discussed *Citizens United* case, which granted the full measure of constitutional protection to speech by corporations, and the *Doe vs. Reed* case in Washington state, which recognized the signing of petitions and voting in elections as acts of free speech. In each case study, he questions whether the meaning of speech has been expanded too far and critically assesses the Supreme Court's methodology in reaching and explaining its expansive conclusions. Bezanson's measured approach and deep insights reveal the complexities of speech in the realms of human behavior and constitutional law. His wide-ranging analysis of relevant Supreme Court cases arms readers with the facts and perspectives necessary to reach independent conclusions about whether the Court's conduct befitted the independent judicial branch and to understand the consequences of its decisions for a representative democracy.

Suicide and the Soul-James Hillman 2020-03-08 With this book James Hillman initiated the "soul movement" in psychotherapy more than fifty years ago. Soul and suicide are dominant issues of this new millennium; soul because it cannot be reduced to genes and chromosomes; suicide because it raises fundamental religious, political, and legal conflicts. As Hillman writes in the Postscript to the second edition: "The individual consists of more than his or her personal individuality. Something besides 'myself' inhabits the soul, takes part in its life and has a say in its death...We need a...definition of self as the interiorization of community. Suicide, literally 'self-killing,' now would mean both a killing of community and involvement of community in the killing." Hillman's book tries to carry Jung's ideas of a soul-informed psychology into the most wrenching agony of therapeutic practice: the suicide of the patient. It goes to the heart of therapy. Since we are each in a silent therapy with ourselves, the issue of suicide reaches into the heart of each of us. *Suicide and the Soul* resurrects "soul" from its reliquary in spiritual churchiness and instills the idea with the passion-laden daily life of soul food, soul music, soul brother, soul sister, and soul death. This new edition is introduced by the eminent psychiatrist and pioneering social critic Thomas Szasz

The UK Pesticide Guide 2020-Martin A. Lainsbury 2020 By far the biggest change to *The UK Pesticide Guide* in 2020 is the loss of a number of active ingredients that have been fundamental to many crop protection programmes. The final use-up of chlorothalonil formulations; propiconazole, fenpropimorph, chloridazon and diquat occurs in 2020 but there are also a few exciting new additions. Aclonifen is a new residual herbicide for use in potatoes that already has a number of EAMUs for use in minor crops. BASF is launching its new triazole, mefentrifluconazole, which promises to restore full triazole activity, at least initially. On the insecticide front the new active ingredient from Corteva agriscience, sulfoxaflor, is now listed for

use in Cucurbitae and ornamentals under full protection for control of aphids and whitefly.

A SOLID RIGHT CROSS-AlfonZo Rachel 2018-07-20 A solid right cross is a fun and thought provoking, lively yet laid-back read, as Zo invites the reader to consider that conservatism is most effective on a Biblical foundation to preserve liberty against republic rotting liberalism. The energy, humor, unique and profound perspectives that Zo's audience enjoys with his videos come through in his writing! Zo examines how liberalism is progressive only as an infection and how it is so effectively spread. Zo urges conservatives to be careful to not assume that it's their own understanding that preserves the republic from low blowing liberals, leftists, democrats, whatever. It's being trained up in the Word of God.

The Fiending of the Masses: VOTE BOB-Jaimen Shires 2018-11-23 Vote Bob follows a random group of twenty-something-good-for-nothings with little or no motivation in life. Indulging heavily in their vices to ease the days without any plans for the future beyond trying to survive through it. Struggling within an environment which they falsely believe has dealt them a bad hand, and a self-defeating mindset that encourages their negativity. Their attempts to avoid reality have no effect on the fact that reality is moving full steam around them. An election is about to take place, and a mystery candidate under the guise of 'Bob' is in the running. Whether they like it or not, they'll eventually have to get involved in what is going on. Life has a way of doing that. Rife with swearing, drinking, crime, swearing and violence. Void of love interests, sex, heroes or vampires. You probably won't like this book.
