Are You a Stock or a Bond? -Moshe A. Milevsky Ph.D. 2012-09-21 You must be aware of the value, potential return and risk of your own human capital (your job, career and what you do for a living as opposed to stocks and bonds or other investment choices) as well as financial capital and investments to plan a secure future. Human capital is the most valuable asset that you will own over your lifecycle. You need to balance all financial decisions with the characteristics of your human capital. The key trends identified in the first edition of the book namely, the decline of Defined Benefit (DB) pension provision, the continued increase in human longevity and the risk of personal inflation, are as relevant today as they were five years ago. The financial crisis has taught us that all types of capital - human, financial and even social - are key to a secure financial future. If your career has "stock-like" growth and risk characteristics, Milevsky helps you balance your "portfolio" by tilting investments towards safer "bonds." If your job is more secure but offers lower financial upside, you'll learn to tilt your investments towards stocks that compensate for your lower earning potential. Either way, Milevsky shows you how to integrate investments, insurance, annuities, and retirement plans to generate the safe and reliable income you'll need. This Edition's updates include: New 2012 data, charts, figures, and references More coverage of incorporating "human capital" into financial planning Advice reflecting the aftermath of the financial crisis Easier, more usable techniques, and less math!

The Lullaby of Polish Girls -Dagmara Dominczyk 2013-06-04 Includes an interview featuring Dagmara Dominczyk and Adriana Trigiani A vibrant, engaging debut novel that follows the friendship of three women from their youthful days in Poland to their complicated, not-quite-successful adult lives Because of her father’s role in the Solidarity movement, Anna and her parents immigrate to the United States in the 1980s as political refugees from Poland. They settle in Brooklyn among immigrants of every stripe, yet Anna never quite feels that she belongs. But then, the summer she turns twelve, she is sent back to Poland to visit her grandmother, and suddenly she experiences the shock of recognition. In her family’s hometown of Kielce, Anna develops intense friendships with two local girls—brash and beautiful Justyna and desperately awkward Kamila—and their bond is renewed every summer when Anna returns. The Lullaby of Polish Girls follows these three best friends from their early teenage years on the lookout for boys in Kielce—a town so rough its citizens are called “the switchblades”—to the loss of innocence that wrecks them, and the stunning murder that reaches across oceans to bring them back together after they’ve grown and long since left home. Dagmara Dominczyk’s assured narrative flashes from the wild summers of the girls’ youth to their years of self-discovery in New York and Europe. Her writing is full of grit and guts, and her descriptions of the emotional experiences of her characters resonate with honesty. The Lullaby of Polish Girls captures the passion and drama of friendship, the immigrant’s yearning to be known, and the exquisite and wistful transformation of young women coming of age. Praise for The Lullaby of Polish Girls “A coming-of-age tale of three young Polish women [that is] brimming with teary epiphanies, betrayal and love, as well as the grit of both New York and Kielce. [It’s] Girls with a Polish accent.”—The New York Times “The Lullaby of Polish Girls will make you swoon. Dagmara Dominczyk has written a glorious debut novel inspired by her own emigration from Poland to Brooklyn with depth, intensity, humor, and grace.”—Adriana Trigiani “An ennuï-stricken actress returns to the old country—and to the friends of her youth—in Dagmara Dominczyk’s The Lullaby of Polish Girls, in which solidarity is all about summer evenings under the stars with a vodka bottle and a radio playing ‘Forever Young.’ ”—Vogue “Compelling . . . an original portrait of friendship and identity . . . Dominczyk uses a fresh, confident style.”—People “In this arresting debut novel, Polish American film and TV actress Dominczyk pays homage to her native city of Kielce while capturing the joys, insecurities, and struggles of three girlfriends coming of age. Spanning thirteen years, Dominczyk’s absorbing story is a triptych of tsknota (Polish for a kind of yearning) and a profound desire for acceptance, freedom, and home.”—Booklist (starred review) “The Lullaby of Polish Girls is sexy and sensitive, with a raw, openhearted center. Dominczyk’s love for her complicated characters is apparent from the first page to the last, and by the novel’s end the reader cares for them just as deeply.”—Emma Straub Look for special features inside. Snowstorms in a Hot Climate -Sarah Dunant 2011-12-14 Marla’s best friend, Elly, left England two years ago on a soul-searching trip through South America. Except for receiving a few postcards, Marla has not heard from her since. Then, Marla receives a strange letter from Elly begging her to fly to New York. But the person Marla meets at the airport is a very different woman from the strong, carefree friend she remembers. Elly, now well-dressed and thin, has acquired a park-view apartment, a house in the Hamptons, and a charismatic, manipulative, cocaine-smuggling boyfriend named Lenny. As Marla tries to free her friend from the dual addictions of love and cocaine, she unravels a story of seduction and power in Columbia and of desire and betrayal in California. Caught in a web of deceptions, the threat of violence mounting around them, Marla decides to take on Lenny and his empire. But Lenny-like the drug he peddles-has no intention of letting Elly go.
Against School Reform (and in Praise of Great Teaching) -Peter S. The Tapestry of Early Christian Discourse -Vernon K. Robbins 2002-11-01 This study establishes a concept of culture and then combines it with Geertz' anthropological concept of thick description. Subsequently, the relation of texts to society and culture is discussed. In this manner, multiple methods of interpretation are used in an organized and programmatic way, allowing the reader insights into the development of early Christianity. In this study, Vernon Robbins expounds and develops his system of socio-rhetorical criticism, bringing together social-scientific and literary-critical approaches to explore early Christianity. This book investigates Christianity as a cultural phenomenon, and treats its canonical texts as ideological constructs.

La Florida Del Inca and the Struggle for Social Equality in Colonial Spanish America -Jonathan D. Steigman 2005-09-25 A cross-disciplinary view of an important De Soto chronicle. Among the early Spanish chroniclers who contributed to popular images of the New World was the Amerindian-Spanish (mestizo) historian and literary writer, El Inca Garcilaso de la Vega (1539-1616). He authored several works, of which La Florida del Inca (1605) stands out as the best because of its unique Amerindian and European perspectives on the De Soto expedition (1539-1543). As the child of an Indian mother and a Spanish father, Garcilaso lived in both worlds--and saw value in each. Hailed throughout Europe for his excellent contemporary Renaissance writing style, his work was characterized as literary art. Garcilaso revealed the emotions, struggles, and conflicts experienced by those who participated in the historic and grandiose adventure in La Florida. Although criticized for some lapses in accuracy in his attempts to paint both the Spaniards and the Amerindians as noble participants in a world-changing event, his work remains the most accessible of all the chronicles. In this volume, Jonathan Steigman explores El Inca’s rationale and motivations in writing his chronicle. He suggests that El Inca was trying to influence events by influencing discourse; that he sought to create a discourse of tolerance and agrarianism, rather than the dominant European discourse of intolerance, persecution, and lust for wealth. Although El Inca's purposes went well beyond detailing the facts of De Soto’s entrada, his skill as a writer and his dual understanding of the backgrounds of the participants enabled him to paint a more complete picture than most--putting a sympathetic human face on explorers and natives alike.

A Reader in the Language of Shakespearean Drama-Vivian Salmon 1987-01-01 In recent years the language of Shakespearean drama has been described in a number of publications intended mainly for the undergraduate student or general reader, but the studies in academic journals to which they refer are not always easily accessible even though they are of great interest to the general reader and essential for the specialist. The purpose of this collection is therefore to bring together some of the most valuable of these studies which, in discussing various aspects of the language of the early 17th century as exemplified in Shakespearean drama, provide the reader with deeper insights into the meaning of Shakespearean text, often by reference to the social, literary and linguistic context of the time.

Optimization on Metric and Normed Spaces-Alexander J. Zaslavski 2010-08-05 "Optimization on Metric and Normed Spaces" is devoted to the recent progress in optimization on Banach spaces and complete metric spaces. Optimization problems are usually considered on metric spaces satisfying certain compactness assumptions which guarantee the existence of solutions and convergence of algorithms. This book considers spaces that do not satisfy such compactness assumptions. In order to overcome these difficulties, the book uses the Baire category approach and considers approximate solutions. Therefore, it presents a number of new results concerning penalty methods in constrained optimization, existence of solutions in parametric optimization, well-posedness of vector minimization problems, and many other results obtained in the last ten years. The book is intended for mathematicians interested in optimization and applied functional analysis.

The Art and Business of High School Senior Portrait Photography-Ellie Vayo 2002-09-01 A profitable, efficient senior portrait studio is made possible with the help of the invaluable information in this book. Whether revving up a slow studio, branching into the teen and senior market, or capitalizing on building a profitable studio from the bottom up, photographers will find all the how-to details in this updated edition. Pricing strategies to ensure the business can stay afloat even during slow times, how to craft successful marketing and advertising campaigns to get clients in the door, and the latest surefire ways for using social networking to reach clients are just some of the provided tips that help get a studio noticed. Far more than a business book, it also includes suggestions on creating images that appeal to this age group, posing basics for seated and standing portraits, and hints for how to handle perceived flaws using corrective posing and lighting techniques that make every subject look his or her very best. This updated edition features all-new images and captions, updated information on technical tools, and plenty of new ideas for maximizing the excitement level during a clients’ portrait session.

An Introduction to Plant Structure and Development-Charles B. Beck 2010-04-22 A plant anatomy textbook unlike any other on the market today. Carol A. Peterson described the first edition as 'the best book on the subject of plant anatomy since the texts of Esau'. Traditional plant anatomy texts include primarily descriptive aspects of structure, this book not only provides a comprehensive coverage of plant structure, but also introduces aspects of the mechanisms of development, especially the genetic and hormonal controls, and the roles of plasmodesmata and the cytoskeleton. The evolution of plant structure and the relationship between structure and function are also discussed throughout. Includes extensive bibliographies at the end of each chapter. It provides students with an introduction to many of the exciting, contemporary areas at the forefront of research in the development of plant structure and prepares them for future roles in teaching and research in plant anatomy.

Inferences in Text Processing-H. Strohl-Goebel 1985-11-01 This volume critically evaluates the present state of research in the domain of inferences in text processing and indicates new areas of research. The book is structured around the following theoretical aspects: - The representational aspect is concerned with the cognitive structure produced by the processed text, e.g. the social, spatial, and motor characteristics of world knowledge. - The procedural aspect investigates the time relationships on forming inferences, e.g. the point of time at which referential relations are constructed. - The contextual aspect reflects the dependence of inferences on the communicative embedding of text processing, e.g. on factors of modality and instruction.

How Can We Light a Fire When the Kids Are Driving Us Crazy?-Ellen Kreidman 2013-03-06 Remember a time when you and your mate weren’t too tired for romance? When you could take off on the spur of the moment for a glamorous evening or sexy weekend? Before listening for the patter of little feet put a damper on lovemaking? Believe it or not, you’re about to recapture the rapture! From the New York Times bestselling author of the runaway hit Light His Fire and number-one Light Her Fire comes a new self-help guide for men and women that fills a universal need. In How Can We Light a Fire When the Kids Are Driving Us Crazy?, love expert Ellen Kreidman conclusively proves that passion and parenthood can go hand in hand. Through observations, success stories, and techniques that have come out of her famous seminars, she shows married couples exactly how to light their fires and achieve the greatest possible level of emotional and sexual fulfillment. According to Kreidman, rekindling the sparks begins by acknowledging three core principles: • If you don’t have an affair with your mate, you risk the possibility that someone else will. • The best gift you can ever give your children is having a lasting relationship with your partner. • The happiest, most well-adjusted children come from a home in which the parents love each other. From that springboard, How Can We Light a Fire When the Kids Are Driving Us Crazy? goes on to offer sage advice and creative suggestions that encourage moms and dads to be loving partners, too—from homework assignments that teach you, your mate, and your children how to become better and more sensitive communicators, through a genuinely innovative list of “fifty-one ways to light a fire,” to two pages of stickers for scheduling and anticipating romantic rendezvous. And the Parents’ and Children’s Bills of Rights will keep the home fires burning while preventing meltdown. Whether the problem is finding a capable baby-sitter, the advisability of letting the kids into your bed, or discovering the best places to make love (home is the least arousing), you’ll find a wealth of effective answers here. Filled with the wit, compassion, and basic smarts that are Ellen Kreidman’s trademarks, How Can We Light a Fire When the Kids Are Driving Us Crazy? can make a marvelous difference in family happiness and harmony—as it restores the sizzle of courtship to married life.

When-Clauses and Temporal Structure-Renaat H. C. Declerck 2003-09-02 Tense is one of the central issues of linguistics, and has been the focus of much attention in recent years. In this book, Declerck offers a detailed discussion of the temporal structures that are expressed by the combination of tense forms with the conjunction when.

Love in a Bottle-Antal Szerb 2010-01-12 Hungarian Antal Szerb is best known in the West as the author of three extraordinary novels, most notably Journey by Moonlight (1937), and a highly entertaining study of the Ancient Regime in France, The Queen's Necklace (1942). This selection of his stories and novellas, set

variously in mythical times and in the London and Paris of the twenties and thirties, reflects his love of life and the irrepressible irony that is his trademark.

The Letters and Journals of Simon Fraser, 1806-1808-W. Kaye Lamb 2007-05-30 B.C. journalist Stephen Hume has said that fur trader and explorer Simon Fraser should be celebrated as the founder of British Columbia. Certainly, the achievements of the Scottish-descended United Empire Loyalist adventurer were impressive. During three extraordinary years, 1805-1808, Fraser undertook the third major expedition (after Alexander Mackenzie’s and Lewis and Clark’s) across North America, culminating in his famous journey down the river in British Columbia that now bears his name. Employed by the Montreal-based North West Company, Fraser was responsible for building many of British Columbia’s first trading posts. His exploratory efforts helped lead to Canada’s boundary later being declared at the 49th parallel. In this new volume, librarian and archivist W. Kaye Lamb provides a detailed introduction as well as illuminating annotations to Fraser’s journals, which were originally published by Macmillan of Canada in 1960.

Teaching and Learning in Medical and Surgical Education-Linda H. Distlehorst 2000-04-01 The idea for this book was originally conceived by Terrill Mast in conversations with Roland Folse. Dr. Mast was dedicated to the belief that all medical teachers should be generalists with skills and knowledge in all aspects of the field. Before his untimely death, he recruited most of the prestigious contributors to this important new book. This comprehensive volume features a review of the major topics in medical and surgical education by today's leading authorities in the field. The assembled authors represent a "Who's Who" in medical education around the world. Each chapter provides a state-of-the-art overview of the topic along with the projected changes most likely to occur over the next decade. A "must-have" for anyone responsible for educating students, residents, and physicians in the medical and surgical fields, this new book addresses the critical medical educational issues of the next millennium, in one, comprehensive volume.

Stay, Illusion-Lucie Brock-Broido 2015 Presents a collection of poems which explore imagination, myth, violence, the treatment of animals, and the death penalty in America.

Cauchy’s Cours d’analyse-Robert E. Bradley 2010-01-14 In 1821, Augustin-Louis Cauchy (1789-1857) published a textbook, the Cours d’analyse, to accompany his course in analysis at the Ecole Polytechnique. It is one of the most influential mathematics books ever written. Not only did Cauchy provide a workable definition of limits and a means to make them the basis of a rigorous theory of calculus, but he also revitalized the idea that all mathematics could be set on such rigorous foundations. Today, the quality of a work of mathematics is judged in part on the quality of its rigor, and this standard is largely due to the transformation brought about by Cauchy and the Cours d’analyse. For this translation, the authors have also added commentary, notes, references, and an index.

Involved Fathering and Men's Adult Development-Rob Palkovitz 2014-04-08 Involved Fathering and Men's Adult Development is an interdisciplinary book that synthesizes theoretical, empirical, and anecdotal writings from different fields and provides an analysis of extensive interviews with 40 fathers. Along with the exploration of the distinct contribution that fathers make to their children's development, the author pursues the parallel theme of the effect this involvement has on the fathers' own development in adulthood. This book will provide its readers with a realistic and useful beginning point to bring a synthesis of developmental theories, family studies perspectives, and men's insights about fathering that will enhance our academic understanding of fathering and adult development. This book can also spark reflective and practical application for fathers and families, whether readers are academicians, practitioners, policymakers, or fathers in the trenches.

Re-Storying Your Faith-Suzanne M. Coyle 2013-11-29 Re-Storying Your Faith has caught our culture’s imagination from nouveau experiences of spirituality through channeling and meditation to traditional spiritual practices of personal devotions, scripture reading, and prayer. Building on Christian spirituality, this spiritual practice of re-storying our faith offers people an everyday experience of discovering multiple faith stories to give meaning to their spiritual journey. Built into this process is a way of discovering individual uniqueness as well as sharing discovered stories in faith communities, whether it is a Sunday school class or a group of like-minded friends.
