**Hamka and Islam**-Khairudin Aljunied 2018-09-15 Since the early twentieth century, Muslim reformers have been campaigning for a total transformation of the ways in which Islam is imagined in the Malay world. One of the most influential is the author Haji Abdul Malik bin Abdul Karim Amrullah, commonly known as Hamka. In Hamka and Islam, Khairudin Aljunied employs the term

"cosmopolitan reform" to describe Hamka's attempt to harmonize the many streams of Islamic and Western thought while posing solutions to the various challenges facing Muslims. Among the major themes Aljunied explores are reason and revelation, moderation and extremism, social justice, the state of women in society, and Sufism in the modern age, as well as the importance of history in reforming the minds of modern Muslims. Aljunied argues that Hamka demonstrated intellectual openness and inclusiveness toward a whole

range of thoughts and philosophies to develop his own vocabulary of reform, attesting to Hamka's unique ability to function as a conduit for competing Islamic and secular groups. Hamka and Islam pushes the boundaries of the expanding literature on Muslim reformism and reformist thinkers by grounding its analysis within the Malay experience and by using the concept of cosmopolitan reform in a new context.

### **Modern Indonesian literature-A. Teeuw**

2013-03-09 The history of this book dates back exactly 20 years. When I first set foot on the shores of Indonesia in September 1947, I was, amongst other things, assigned the task of teaching Malay literature in an advanced teacher-training

course, with the instruction to lay stress on modern literature. This was easier said than done, as very little had been written on the subject, and few materials were available to me. From this period I recall with great gratitude the regular and friendly contacts I had with Mr. Sutan Takdir Alisjahbana, who in many ways met me with information and documentation. The editors of the magazine "Kritiek en Opbouw" found my lecture notes on some pre-war authors worth publishing. These articles, with an introduction on Bahasa Indonesia and some other additions, were subsequently collected and published by Pembangunan under the title *Voltooid Voorspel (Completed Prelude)* (Jakarta 1950). The little book sold fairly quickly, but rather than publishing a new edition in Dutch the publisher was interested in bringing out an Indonesian adaptation. Much material was added, the larger part of which had been collected by writing occasional reviews of Indonesian literary works for the Dutch newspaper *Nieuwsgier* in Jakarta. The
