**The Siege**-Ismail Kadare 2010-02-12 From Ismail Kadare, winner of the inaugural Man Booker International Prize - a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie - the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow - of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, The Siege is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

**Night Street**-Kristel Thornell 2012-05 Night Street is the passionate story of a young painter, Clarice Beckett, who defies society's strict conventions and indifferent art critics alike and leads an intense private and professional life. With her extraordinary talent for making simple city and seascapes haunting and mysteriously revelatory, Clarice paints prolifically and lives largely, overcoming the seemingly confined existence. Inspired by the art and life of the Victorian artist Clarice Beckett (1887-1935), Night Street is the story of a painter who, having remained unmarried by choice, continues to live with her ageing parents. Hers is an existence which, from the outside, appears both restrictive and monotonous. In fact, it masks a vibrant and passionate hidden life. With a mobile painting trolley in lieu of a studio, Clarice makes her way through the streets and coastline of Melbourne at dawn and dusk where she creates sombre, enigmatic landscapes. Through her art, she enters into a world of sensuality and freedom, away from the constraints of a conservative and disapproving society. Thornell is a beautiful writer. Her evocation of the painter Clarice, who fights against societal conventions whilst being pushed, to outwardly adhere to them, is powerful, eloquent and moving. The clarity and simplicity of Thornell's writing resonates through the book, highlighting its undercurrent of fervour and passion, as it propels the narrative forward with a masterful sense of poetic urgency. Night Street began with Thornell's first encounter with the paintings of Clarice Beckett at the Art Gallery of South Australia. The subtle power of Beckett's enigmatic landscapes enabled her to imagine Clarice's inner life and shape an extraordinary novel.
